world

## BIOGRAPHY

### **Philippe Ricard** Chief Operating Officer of BNP Paribas USA

Philippe Ricard serves as Chief Operating Officer of BNP Paribas USA, the Bank's holding company in the United States.

In this role, Philippe is responsible for transversal operational effectiveness and day-to-day operations by delivering closer integration and realizing synergies across US businesses and support functions.

Since he joined the Group in 1989, Philippe has held a wide range of leadership positions across BNP Paribas' key regions and businesses. Most recently he served as Global Head of Asset and Fund Services since 2010, and prior to that had worldwide responsibility for fund services operations and technology in Paris.

His BNP Paribas tenure also includes Head of Institutional Operations in the London office, Managing Director of the Securities Services business in Spain and responsibility for the global Securities Services Core Technology team.

From 1991 to 1995, he managed international programs across Asia, the USA and Europe.
