

Basic Policy on Anti-Social Forces

August, 2018

For the purpose of preventing damage being caused by anti-social forces or individuals that pursue economic gains through force, intimidation, or fraudulent means, the company declares the following basic policy

- 1 The Company will take a firm-wide approach under its management to anti-social forces and will ensure the safety of its employees who respond to them.
- 2 The Company maintains close communication with police, centers for elimination of organized crime groups, attorneys-at-law, the Japan Securities Dealers Association, and other external specialist organizations to defend against unjust demands from anti-social forces.
- 3 The Company will have no relationship/transactions with anti-social forces, and it will not accept any unjust demands from anti-social forces.
- 4 The Company will take both civil and criminal legal measures against unjust demands from anti-social forces.
- 5 The Company will not make any hidden deals behind closed doors or provide funds in response to unjust demands from anti-social forces.
