This Offering Circular replaces and supersedes the Offering Circular dated 8 August 2017 describing the Programme (as defined below). Any Notes (as defined below) issued under the Programme on or after the date of this Offering Circular are issued subject to the provisions contained herein. This does not affect any Notes already issued.

*Under this U.S.\$5,500,000,000 Euro Note Programme (the “**Programme**”), Hitachi Capital Corporation (“**HCC**”), Hitachi Capital (UK) PLC (“**HCUK**”) and Hitachi Capital America Corp. (“**HCA**”) (each an “**Issuer**” and together the “**Issuers**”) may from time to time issue notes (“**Notes**”) denominated in any currency agreed between the Issuer of such Notes (the “**relevant Issuer**”) and the relevant Dealer (as defined below).*

*Payments under the Notes issued by HCUK and HCA will be unconditionally and irrevocably guaranteed by HCC (in such capacity, the “**Guarantor**”).*

The Notes may be issued on a continuing basis to one or more of the Programme Dealers specified under “*Description of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the “**relevant Dealer**” shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe to such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

As at the date of this Offering Circular, HCC has been assigned a rating of “A- (stable)” by S&P Global Ratings Japan Inc. (formerly, Standard & Poor’s Ratings Japan K.K.) (“**S&P Japan**”), a rating of “A+ (stable)” by Rating and Investment Information, Inc. (“**R&I**”), a rating of “AA- (stable)” by Japan Credit Rating Agency, Ltd. (“**JCR**”), a short-term rating of “A-2” by S&P Japan, a short-term rating of “a-1” by R&I and a short-term rating of “J-1+” by JCR. Neither HCUK nor HCA has been assigned ratings by any rating agencies.

HCC’s unsecured, unsubordinated long term debt securities have been assigned ratings of “A+ (stable)” and “AA- (stable)” by R&I and JCR, respectively. Outstanding Yen-denominated domestic debt issuances of HCC have been rated “A+” and “AA-” by R&I and JCR, respectively, and outstanding Yen-denominated domestic debt issuances by HCC in issue until September 2014 have been rated “A-” by S&P Japan. Six particular Tranches of Notes issued by HCUK under the Programme have been rated “A-” by S&P Japan.

None of S&P Japan, R&I and JCR is established in the European Economic Area (the “**EEA**”). JCR is certified under Regulation (EC) No 1060/2009 on credit rating agencies, as amended (the “**CRA Regulation**”). S&P Japan is not registered under the CRA Regulation; however, ratings issued by S&P Japan are endorsed by Standard & Poor’s Credit Market Services Europe Limited, which is established in the EEA and registered under the CRA Regulation. R&I is not registered under the CRA Regulation and its ratings are not endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation. Accordingly, the Issuers will not solicit any ratings for any Notes issued under the Programme, apart from Non PD Notes, from R&I.

The European Securities and Markets Authority (“**ESMA**”) is obliged to maintain on its website, www.esma.europa.eu, a list of credit rating agencies registered and certified in accordance with the CRA Regulation. This list must be updated within five working days of ESMA’s adoption of any decision to withdraw the registration of a credit rating agency under the CRA Regulation. Therefore, such list is not conclusive evidence of the status of the relevant rating agency as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA, but which is certified under the CRA Regulation.

A rating reflects only the views of the relevant rating agency, is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

This Offering Circular has been approved by the Financial Conduct Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (the “**FSMA**”) (the “**UK Listing Authority**”) and comprises a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC, as amended including Directive 2010/73/EU (the “**Prospectus Directive**”).

The requirement to publish a prospectus under the Prospectus Directive only applies to Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2014/65/EU, as amended (“**MiFID II**”) in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). References in this Offering Circular to “**Non PD Notes**” are to Notes issued by HCC or HCA for which no prospectus is required to be published under the Prospectus Directive. The UK Listing Authority has neither approved nor reviewed information contained in this Offering Circular in connection with Non PD Notes. HCUK will not issue any Non PD Notes.

Application has been made to the UK Listing Authority for Notes issued under the Programme (other than Non PD Notes) during the period of 12 months from the date of this Offering Circular to be admitted to the official list of the UK Listing Authority (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Notes to be admitted to trading on the London Stock Exchange’s regulated market.

References in this Offering Circular to Notes being “**listed**” (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s regulated market and have been admitted to the Official List. The London Stock Exchange’s regulated market is a regulated market for the purposes of MiFID II.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and the terms of each Tranche of Notes will be set out in a final terms document (the “**Final Terms**”) or (in the case of Non PD Notes issued by HCC or HCA) a pricing supplement (the “**Pricing Supplement**”) or in a separate prospectus specific to such Tranche (the “**Drawdown Prospectus**”) as described under “*Final Terms, Pricing Supplements and Drawdown Prospectuses*” below which, with respect to Notes to be listed on the London Stock Exchange, will be delivered to the UK Listing Authority and the London Stock Exchange and, in the case of a Drawdown Prospectus in respect of such Tranche of Notes, will be approved by the UK Listing Authority. In the case of a Tranche of Notes which is the subject of a Pricing Supplement or a Drawdown Prospectus, each reference in this Offering Circular to information being specified or identified in the applicable Final Terms shall be read and construed as a reference to such information being specified or identified in the applicable Pricing Supplement or Drawdown Prospectus unless the context requires otherwise.

HCA will only issue Notes in registered form. HCC and HCUK may issue Notes in bearer form or Notes in registered form.

Each Tranche of Notes in bearer form will either initially be represented by a Temporary Global Note (as defined in “*Form of Notes*”) or, if agreed between the relevant Issuer and the relevant Dealer, be represented by a Permanent Global Note (as defined in “*Form of Notes*”) which, in either case, will be deposited on the issue date thereof with a common depository or common safekeeper, as the case may be, on behalf of Clearstream Banking S.A. (“**Clearstream, Luxembourg**”) and/or Euroclear Bank SA/NV (“**Euroclear**”) and/or any other agreed clearance system. A Temporary Global Note so issued will be exchangeable, as specified in the applicable Final Terms, for either a Permanent Global Note or definitive Bearer Notes (as defined in “*Form of the Notes*”), in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury Regulations and applicable U.S. securities laws. A Permanent Global Note will be exchangeable for definitive Bearer Notes, upon request or upon the occurrence of an Exchange Event, all as further described in “*Form of the Notes*”.

Each Tranche of Notes in registered form will initially be represented by a Global Registered Note (as defined in “*Form of the Notes*”) or, if so specified in the applicable Final Terms, definitive Registered Notes (as defined in “*Form of the Notes*”). A Global Registered Note will be exchangeable for definitive Registered Notes, upon request or upon the occurrence of an Exchange Event, all as further described in the “*Form of Notes*”. Notes in bearer form may not be exchanged for Notes in registered form and *vice versa*.

Each of the Issuers and the Guarantor accepts responsibility for the information contained in this Offering Circular and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of each Issuer and the Guarantor (each of which has taken all reasonable care to ensure that such is the case), the information contained in this Offering Circular is in accordance with the facts and does not omit anything likely to affect the import of such information.

Copies of Final Terms will be available for viewing and copies may be obtained from the registered office of the Issuer and the specified office of the Principal Paying Agent (as defined herein) save that, if a Note is neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive (including Non PD Notes), the applicable Final Terms will only be available to a Noteholder holding one or more such Notes upon such Noteholder producing evidence as to identity satisfactory to the Principal Paying Agent. Copies of each Final Terms relating to Notes offered to the public in a member state (other than pursuant to one or more of the exemptions set out in Article 3.2 of the Prospectus Directive)

or admitted to trading on a regulated market in a Member State of the EEA will be published on the website of the Regulatory News Service operated by the London Stock Exchange at www.londonstockexchange.com/exchange/news/market-news/market-news-home.html. Such Final Terms will also be available for viewing on the UK National Storage Mechanism (www.morningstar.co.uk/uk/nsm).

This Offering Circular is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*”). This Offering Circular shall be read and construed on the basis that such documents are so incorporated and form part of this Offering Circular.

The relevant Issuer and (if applicable) the Guarantor may agree with any Dealer that Notes may be issued in a form not contemplated in “*Terms and Conditions of the Notes*”, in which event a Drawdown Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes. In the case of Non PD Notes, the relevant provisions relating to such Non PD Notes will be included in the applicable Pricing Supplement.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any Dealer as to the accuracy or completeness of the information contained or incorporated by reference in this Offering Circular or any other information provided by any Issuer or the Guarantor. The Dealers do not accept any liability in relation to the information contained or incorporated by reference in this Offering Circular or any other information provided by any Issuer or the Guarantor in connection with the Programme.

No person is or has been authorised by any Issuer or the Guarantor to give any information or to make any representation not contained in or inconsistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any Issuer, the Guarantor or any of the Dealers.

Neither this Offering Circular nor any other information supplied in connection with the Programme (1) is intended to provide the basis of any credit or other evaluation or (2) should be considered as a recommendation by any Issuer, the Guarantor or any of the Dealers that any recipient of this Offering Circular or any other information supplied in connection with the Programme should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and the Guarantor and must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular, any applicable supplement or Drawdown Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as standalone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk based capital or similar rules.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning any Issuer or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Programme Dealers expressly do not undertake to review the financial condition or affairs of any Issuer or the Guarantor during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, *inter alia*, the most recent consolidated financial statements of HCUK, the most recent consolidated financial statements of HCA and the most recent consolidated financial statements of HCC when deciding whether or not to purchase any Notes.

Neither this Offering Circular nor any other information supplied in connection with the Programme constitutes an offer or invitation by or on behalf of any Issuer, the Guarantor or any Dealer to any person to subscribe for or to purchase any Notes. This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor and the Dealers do not represent that this Offering Circular may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor or the Dealers which is intended to permit a public offering of Notes or distribution of this document in any jurisdiction where action for that purpose is required.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material relating to the Programme or Notes issued thereunder may be distributed or published in any jurisdiction except in circumstances that will result in compliance with any applicable laws and regulations. Each Dealer has represented or, as the case may be, will be required to represent that all offers and sales by it will be made on the same terms. Persons into whose possession this Offering Circular or any Notes come must inform themselves about, and observe, any such restriction. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States, the EEA (including the United Kingdom), the People's Republic of China, Hong Kong, Singapore, Japan and Taiwan (see "*Subscription and Sale*").

The Notes and the Guarantees have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"). The Notes are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes and the Guarantees may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act and Section 7701(a)(30) of the United States Internal Revenue Code of 1986, as amended) (see "*Subscription and Sale*").

This Offering Circular has been prepared on the basis that any offer of Notes in any Member State of the EEA which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will only be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. In relation to any EEA Member State, references to the "**Prospectus Directive**" refer to Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU) and include any relevant implementing measure in the Relevant Member State.

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended) (the "**Financial Instruments and Exchange Law**") and the Notes issued by (i) HCC or (ii) HCUK or HCA, in circumstances where any interest on the Notes is attributable to a business in Japan conducted by each such Issuer of the Notes through its permanent establishment in Japan as provided for in the Special Taxation Measures Law of Japan (Law No. 26 of 1957, as amended) (the "**Special Taxation Measures Law**") are subject to tax laws and regulations of Japan including the Special Taxation Measures Law. The Notes may not be, directly or indirectly, offered or sold in Japan or (a) to, or for the benefit of, any person resident in Japan (including any corporation or other entity organised under the laws of Japan) except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws and regulations (see "*Subscription and Sale*"). Interest payments on the Notes issued by (i) HCC or (ii) HCUK or HCA, in circumstances where any interest on the Notes is attributable to a business in Japan conducted by such Issuer of the Notes through its permanent establishment in Japan as provided for in the Special Taxation

Measures Law, will be subject to Japanese withholding tax except for such interest paid to or to the account of a holder that is an individual non-resident of Japan or a non-Japanese corporation that in each case is a person not having a special relationship with the relevant Issuer as described in Article 6, Paragraph 4 of the Special Taxation Measures Law, or is a Japanese designated financial institution as described in Article 6, Paragraph 9 of the Special Taxation Measures Law. Interest payments in respect of the Notes by (i) HCC or (ii) HCUK or HCA, in circumstances mentioned above, the amount of interest on which is calculated or determined on the basis of or by reference to certain indicators (including the amount of profit, income, earnings, revenue, assets and distribution of surplus, distribution of profit and other similar distributions) of the relevant Issuer or any person having such special relationship with the Issuer, is also subject to Japanese withholding tax (see “*Taxation*”).

All references in this document to (i) “**USD**”, “**U.S. dollars**”, “**U.S.\$**” and “**U.S. cents**” are to the currency of the United States of America, (ii) “**EUR**”, “**euro**” and “**€**” are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended, (iii) “**JPY**”, “**Yen**” and “**¥**” are to the currency of Japan, (iv) “**GBP**”, “**Sterling**” and “**£**” are to the currency of the United Kingdom, (v) “**Renminbi**”, “**RMB**” and “**CNH**” are to the currency of the People’s Republic of China (excluding Hong Kong, Macau and Taiwan) (the “**PRC**”), (vi) “**SGD**” and “**SGD**” are to the currency of the Republic of Singapore, (vii) “**Canadian dollars**” and “**CAD**” are to the currency of Canada, (viii) “**NZD**” and “**New Zealand dollars**” are to the currency of New Zealand, (ix) “**AUD**” and “**Australian dollars**” are to the currency of the Commonwealth of Australia, (x) “**SEK**” and “**Swedish krona**” are to the currency of the Kingdom of Sweden, (xi) “**NOK**” and “**Norwegian krone**” are to the currency of the Kingdom of Norway and (xii) “**HKD**” and “**Hong Kong dollar**” are to the currency of Hong Kong Special Administrative Region of the PRC.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as stabilising manager (the “**Stabilising Manager(s)**”) (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

PRIIPs / IMPORTANT – EEA RETAIL INVESTORS

If the Pricing Supplement and/or Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of the Insurance Mediation Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET

The Pricing Supplement and/or Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance/Target Market” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

BENCHMARK REGULATION

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011, as amended (the “**Benchmark Regulation**”). If any such reference rate does constitute such a benchmark, the Pricing Supplement and/or the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“**ESMA**”) pursuant to Article 36 (register of administrators and benchmarks) of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Pricing Supplement and/or the Final Terms. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Pricing Supplement and/or the Final Terms to reflect any change in the registration status of the administrator.

Fixed interest will be payable on such date or dates as may be agreed between the relevant Issuer and the relevant Dealer and on redemption, and will be calculated on the basis of such Day Count Fraction as may be agreed between the relevant Issuer and the relevant Dealer and indicated in the applicable Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest at a rate determined:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or
- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (iii) on such other basis as may be agreed between the relevant Issuer and the relevant Dealer.

The margin (if any) relating to such floating rate will be agreed between the relevant Issuer and the relevant Dealer for each Series of Floating Rate Notes and indicated in the applicable Final Terms.

Other Provisions in Relation to Floating Rate Notes and Index Linked Notes:

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

Interest on Floating Rate Notes and Index Linked Interest Notes in respect of each Interest Period, as agreed prior to issue by the relevant Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the relevant Issuer and the relevant Dealer and indicated in the applicable Final Terms.

Index Linked Notes:

Notes may be Index Linked Notes, where the interest rate, early redemption and/or Index Linked Redemption Amount shall be determined depending on the level of an underlying index or indices. Issuer and the relevant Dealer may agree and will be indicated in the applicable Final Terms.

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest.

The Final Terms relating to each Tranche of Notes will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than in specified denominations, if applicable, or for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the relevant Issuer and/or the Noteholders upon giving not less than 30 nor more than 60 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders or, as the case may be, the relevant Issuer on a date or dates specified prior to such stated maturity and at a price or prices as are indicated in the applicable Final Terms.

The applicable Final Terms may provide that Notes ("**Instalment Notes**") may be repayable in two or more instalments of such amounts and on such dates as indicated therein.

Notes having a maturity of less than one year are subject to restrictions on their denomination and distribution, see "*Legal and Regulatory Requirements – Notes having a maturity of less than one year*" above.

Denomination of Notes:

Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer and as indicated in the applicable Final Terms save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or other equivalent regulatory body) or any laws or regulations applicable to the relevant Specified Currency, see "*Legal and regulatory requirements – Notes having a maturity of less than one year*" above, and save that the minimum denomination of each Note admitted to trading on a regulated market within the EEA or offered to the public in a Member State of the EEA will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Where the applicable Final Terms specify that a Global Note is exchangeable for Definitive Notes or a Global Registered Note is exchangeable for definitive Registered Notes on not less than 60 days' notice given at any time, Notes will be issued only in denominations which are a multiple of the minimum Specified Denomination.

Notes issued by HCA must at all times have a minimum denomination of €100,000 (or its equivalent in other Specified Currencies) and be in multiples of €100,000 thereafter.

Taxation:

All payments in respect of the Notes will be made without deduction for or on account of any withholding taxes imposed by any Tax Jurisdiction (as defined in Condition 7), subject as provided in Condition 7. In the event that any such deduction is made, the relevant Issuer will or, as the case may be, the Guarantor may, save, in each case, in certain circumstances provided in Condition 7, be required to pay additional amounts to cover the amounts so deducted.

Negative Pledge:

The Notes will contain a negative pledge provision given by the relevant Issuer and the Guarantor as described in Condition 3.

Cross Default:

The Notes will contain a cross-default provision relating to indebtedness for money borrowed of the relevant Issuer or (if applicable) the

Guarantor as defined and further described in Condition 9.

Status of the Notes:

The Notes will constitute (subject to Condition 3) direct, unconditional and unsecured obligations of the relevant Issuer and shall at all times rank *pari passu* and without preference among themselves and (with the exception of obligations in respect of applicable statutory exceptions and subject as aforesaid) equally with all its other unsecured obligations (other than subordinated obligations, if any) from time to time outstanding.

Tranches of Notes to be issued under the Programme may be rated or unrated. As at the date of this Offering Circular, Notes issued under the Programme are expected to be assigned a rating of “A-/A-2” by S&P Japan, which is not established in the EEA or registered under the CRA Regulation; however, ratings issued by S&P Japan are endorsed by Standard & Poor’s Credit Market Services Europe Limited, which is established in the EEA and registered under the CRA Regulation. The Issuers and the Guarantor cannot assure investors that such rating will not change in the future. Where a Tranche of Notes is rated, the applicable rating(s), which will not necessarily be the same as the rating(s) applicable to the Programme or any Notes already issued, will be specified in the applicable Final Terms.

A rating reflects only the views of the relevant rating agency, is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

RISK FACTORS

Each of the Issuers and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and neither the Issuers nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuers and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuers or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuers or the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Investors may lose the value of their entire investment in Notes or part of it. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

Words and expressions defined in the “Terms and Conditions of the Notes” on pages 57 to 104 of this Offering Circular, “Description of Hitachi Capital Corporation” on pages 115 to 118 of this Offering Circular, “Description of Hitachi Capital (UK) PLC” on pages 119 to 120 of this Offering Circular and “Description of Hitachi Capital America Corp.” on pages 121 to 122 of this Offering Circular have the same meanings when used herein.

Factors that may affect HCC’s ability to fulfil its obligations under Notes issued under the Programme and/or the Guarantees

Internal Control Related Risk

HCC and its consolidated subsidiaries (the “**Group**”) have established and maintain an internal control system based on HCC’s board resolutions on internal control. Nevertheless, if internal controls do not function effectively or unexpected problems arise, there could be an adverse impact on the Group’s business results.

Notwithstanding anything stated in this risk factor, this risk factor should not be taken as implying that the relevant Issuer or the Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Interest Rate Risk

The Group procures large amounts of funds in order to provide financial services, including leasing and instalment sales. Although the Group manages interest rate risk by not only constantly watching the trend of financial markets carefully but also carrying out thorough ALM¹, as the duration of assets and liabilities are not completely consistent, large fluctuations in market interest rates, different movements between short-term and long-term interest rates or any other similar factors could cause a rise in fundraising costs, which could, in turn, have an adverse impact on the Group’s business results.

Liquidity Risk

Although the Group works to appropriately manage its cash position by diversifying its fundraising measures and expanding its fundraising sources, there are times it may be difficult for the Group to secure the funds required or the Group may be forced to procure funds when interest rates are significantly higher than ordinary rates in normal circumstances if the creditworthiness of the Group has declined, or due to turmoil in financial markets or changes in the market environment. These factors could weaken the Group’s competitiveness in obtaining new orders or deteriorate the Group’s profitability and then could have an adverse impact on the Group’s business results and financial conditions.

¹ Asset Liability Management: Companies firmly ascertain the characteristics of maturities and interest from their assets and liabilities, and monitor cash flows, liquidity, currency risk and interest risk.

Credit Risk

The Group is engaged in various kinds of business associated with providing credit, including leasing, credit guarantees and instalment sales. During such business execution, the Group appropriately controls credit risk by strictly conducting such measures as screening at the time of a contract and ascertaining such factors as the state of credit while a credit receivable is being collected. Also, in the case of debtors assessed as “needs attention,” “in danger of bankruptcy,” or “bankrupt,” the Group estimates the individual amount of expected bad debt in respect of each such debtor and posts this to the allowance for doubtful accounts or the like. However, future deterioration in economic conditions or market trends may require the Group to make additional allowances for doubtful accounts or the like due to increased credit risk and this could have an adverse impact on the Group’s business results.

Residual Value Risk

One of the Group’s strategies is to provide financial services that focus on physical assets. To achieve this, the Group seeks to further improve its expertise in terms of its ability to evaluate the residual value of lease properties and resell its leased assets as its core skill. However, there is a possibility that the actual disposal value will be lower than the initially estimated residual value of leased assets due to such factors as unexpected changes in the market environment and technological innovations.

In addition, while the Group conducts regular monitoring of its assets in the Group’s business areas, such as renewable energy, and endeavours to make appropriate estimates of repair and removal costs, fluctuations in actual repair and removal costs could have an adverse impact on the Group’s business results.

Risk associated with Business Structure Reform

The Group is reforming its business structure from a low-profitable business to a high-profitable business in line with changing economic and competitive environments in order to achieve sustainable growth. However, if for any reason the said structure reform is delayed or fails to be achieved as desired, the Group could become unable to obtain profits that it had anticipated.

System and Administrative Risk

The Group operates its business activities by using computer systems. Any defect of the system such as a stoppage or malfunction, or improper use of the system, could cause an inconvenience to the Group’s customers and could have an adverse impact on the Group’s business results.

In addition, if an employee of the Group fails to conduct administrative work in an appropriate manner or causes an accident or fraud, it could cause an inconvenience to the Group’s customers and could have an adverse impact on the Group’s business results.

Compliance Risk

Given that the Group offers a variety of financial services, it must comply with applicable laws and regulations, including but not limited to, the Instalment Sales Law, the Financial Instruments and Exchange Law and the Law for the Control of the Money Lending Business, as well as a number of laws and regulations relating to consumer protection and waste disposal.

In addition to these laws and regulations, the Group must also comply with a wide range of social rules from internal regulations and voluntary industry rules to social norms. HCC established the Compliance Department at its headquarters and is working to develop and maintain its compliance structure. However, failure to comply with applicable laws, regulations and social norms could lead the Group to penalties and loss of social credibility, which could, in turn, have an adverse impact on the Group’s business results and financial conditions.

Risk related to Business Partners

The Group has obtained new contracts in cooperation with numerous business partners. Although the Group endeavours to screen the business partners carefully at the time of collaboration, the Group may have to shoulder responsibility in case of bankruptcy of or misconduct such as inappropriate sales by a business partner, leading to demands for compensation from the Group’s customers. This could have an adverse impact on the Group’s business results and financial conditions.

Risk related to Laws and Regulations Changes

The Group carries out its operations in accordance with the legal, tax, accounting and other systems and standards currently in effect. Any significant changes in such systems and standards in the future could have an adverse impact on the Group's business activities and business results.

Human Resources Risk

The Group considers employees' abilities as its substantial assets and is seeking to step up recruitment and planned education and training activities. However, if the existing employees are not able to deal with the new business in the business structure reforming in process, employees are not placed properly or it is impossible to secure new personnel or otherwise, there is a risk that the Group will not be able to secure the human resources required for business operations following the business structure reforming.

Risk of Large-Scale Natural Disaster and Pandemics

Any natural disasters such as an earthquake, typhoon, or wind and flood damage or spread of infectious diseases could interfere with the Group's operations including its business activities. The Group has created a business continuity plan so that the Group could continue its operations even under such events. However, if the Group suffered significantly heavy damage, it could have an adverse impact on the Group's business results and financial position.

Overseas Business Risk

One of the strategies of the Group is the business expansion in overseas markets, particularly in Europe, the Americas, China and the ASEAN region, and the Group provides a wide range of financial services to not only Japanese companies operating overseas, but also local companies and individuals. Accordingly, in addition to the risks described above, any changes in laws, regulations and tax systems as well as changes in the business environment due to economic fluctuations peculiar to each country and region, or any foreign exchange conversion of the figures in the financial statements, could have an adverse impact on the Group's business results.

Factors that may affect HCUK's ability to fulfil its obligations under Notes issued under the Programme

Credit Risk from Trading Operations

This is the risk that HCUK and its subsidiaries' (the "UK Group") customers default on their payment obligations to the UK Group resulting in the loss of the capital amount outstanding on the agreements at the time the customers default. Theoretically, if this was severe enough the size of the default could exceed the UK Group's equity capital and endanger the repayment of principal and interest of Notes issued under the Programme.

The UK Group mitigates this risk by following a set of credit policies devised to minimise losses, maximise recoveries and prevent fraud. Consideration is given to the financial strength and/or credit status of the customer, the quality of the assets as security for the financing being advanced, and the terms and conditions which are to be applied in the agreement. The risk control function within each business unit sets credit policy in the form of certain parameter limits. These parameters include a maximum total amount outstanding by borrower, maximum funding period and the level of deposits. Credit records are maintained for each transaction and scorecards are used in the approval process for both business and consumer customers. The UK Group has established an Operational Risk Committee, the members of which include senior managers and a Director of HCUK, to oversee and approve significant changes to credit policy; changes to delegated credit approval authorities; new product types, programmes, origination sources or markets; and significant individual customer advances. If the exposure to any single party exceeds certain limits, annual reviews are performed to detect any deterioration in credit quality over time. The UK Group has no significant credit risk concentration as credit exposures are spread over a number of different customers.

Credit Risk from Counterparties to Financial Derivative Transactions

This is the risk that a counterparty to one of HCUK's financial derivative transactions defaults on its payment obligations to the UK Group. Such a default could, when combined with a significant adverse market rate movement (such as a severe weakening of Sterling in foreign exchange markets) could potentially cause a significant loss to the UK Group. Theoretically, if large enough, such a loss could endanger the UK Group's future operation. To limit the potential of such a risk the UK Group only deals with counterparties approved by the Treasury Committee and Board of Directors, and that have had a credit rating assigned to them by an international credit rating agency that meets a minimum standard. The size of the UK Group's exposure to each counterparty, its credit rating and its credit default

swap spread are all monitored to ensure that the aggregate value of exposure is well spread throughout the group of approved counterparties and concentration with any one single counterparty is limited. Credit quality is monitored at least quarterly and the limits both by individual counterparty and overall are reviewed annually.

Interest Rate Risk

The UK Group's assets are virtually all written at a fixed rate of interest and consequently there is a risk of reduced future profitability if the cost of the UK Group's borrowings taken out to fund its assets were to rise to above that which had been assumed at the time when the assets were written. This could potentially create losses over a period of time but would only threaten payment of principal and interest of Notes when the size of the losses exceeded the size of the UK Group's share capital and reserves. However, this risk is reduced to a large extent by the active management of future interest costs by using both fixed rate borrowings and float to fixed interest rate derivatives. The amount and duration of interest rate fixings taken are intended to match the interest rate duration of the fixed rates built into the portfolio of assets. This matching or "hedge effectiveness", is maintained within a percentage range approved by HCUK's Board.

Liquidity Risk and Credit Rating

The UK Group funds itself from the following variety of sources (in order of size): bilateral bank term loans, notes issued under the Programme, medium term syndicated loans, two securitisation programmes, commercial paper and short term money market facilities. The UK Group's borrowing strategy is to firstly ensure continuity of funding but also at the same time to minimise cost and risk whilst preserving flexibility through the use of borrowings with a range of different maturities. The availability of the above and other types of funding (such as ECP and BCP) depend on the willingness of investors to purchase debt and lenders to extend loans to HCUK. Any severe adverse change to the credit rating of HCC or significant and severe market instability could impact upon HCUK's ability to issue certain types of debt and hence lead to either increased cost due to increased credit spreads or the use of sub-optimal sources to fund new borrowings and refinance existing borrowings. This would adversely impact the cost of borrowing and potentially reduce the profitability of the UK Group when the economic situation was such that these increases could not be passed on to the UK Group's customers. Severe global financial market disruption could potentially prevent the roll-over of maturing funding and compromise the ability of the UK Group's banking partners to provide short-term financing. Theoretically, this could force the UK Group to temporarily cease writing new business in order to conserve cash to meet liabilities as they become due, and as a result would also reduce the future profitability of the UK Group, which would in turn erode the amount of insulation from default affecting investors that is provided by the size of the UK Group's share capital and reserves. This risk is significantly reduced by the use of term funding of a duration that, in general and in aggregate, exceeds that of the maturity of the funded assets. The risk is further reduced by the maintenance of an adequate equity base relative to the size of borrowings and assets.

Currency Risk

The UK Group is exposed to foreign currency exchange rate risk due to the use of foreign currency denominated borrowings taken out to fund the UK Group's Sterling denominated assets. If the borrowings were not hedged, then there is a risk that were Sterling to weaken significantly the UK Group could make a significant loss and require significantly more Sterling to repay the borrowings than was derived from them when taken out. The combination of a significant weakening of Sterling with un-hedged currency borrowings could prove sufficient to cause the UK Group to run out of cash to repay maturing borrowings. However, the UK Group's policy is to eliminate 100 per cent. of all foreign exchange rate risk. This is primarily achieved by entering into cross currency swaps at the time of issuance of the debt. Such derivatives effectively convert non-Sterling borrowings into Sterling borrowings from the point of view of foreign exchange rate risk. Currency risk will therefore only arise if a cross-currency swap counterparty defaults. A system of credit exposure monitoring based on counterparty credit ratings and mark to market valuations is in place to manage the exposure to swap counterparties, as described in the preceding paragraph "*Credit Risk from Financial Derivative Counterparties*".

Operational Risk

Operational risk is the risk of loss arising from a significant and prolonged systems failure, significant and repeated human error, very large scale fraud or large scale adverse external events. Such situations could cause a financial loss larger than the UK Group's share capital and reserves or cause an irrecoverable loss of reputation that could lead to future losses and hence endanger repayment of principal and interest of Notes over time. The UK Group cannot expect to reduce all operational risks to nil, but it endeavours to reduce these risks to manageable levels through a framework of internal controls, external and internal audit, by monitoring and responding to potential risks and having, for instance, business continuity plans and arrangements with external parties in place. Internal controls include effective

segregation of duties, access, authorisation and reconciliation procedures, staff education and risk assessment processes.

Notwithstanding anything stated in this risk factor, this risk factor should not be taken as implying that the relevant Issuer or the Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Risk of Data Security Breach

There is a risk that a security breach could lead to a loss or theft of customer, employee, supplier or the Group's confidential data. A major data security breach could lead to significant reputational damage and result in regulatory intervention and/or fines, especially considering the implementation of the General Data Protection Regulation (Regulation (EU) 2016/679) regarding the protection of natural persons with respect to the processing of personal data and on the free movement of such data. However, this risk is mostly mitigated by HCUK's real-time system monitoring that detects system compromises, perimeter firewalls and security controls together with its strict identity validation checks, device identification software and frauds, and by employing dedicated and suitably skilled information security and financial crime prevention support teams.

Risk of Significant and Rapid Change in Economic Conditions

Sudden and significant adverse changes in overall economic conditions could result in less demand for finance from the UK Group's customer base and an increase in defaults – both of which would negatively affect the UK Group's profitability. For instance, a sudden increase in unemployment could potentially give rise to increased bad debt write-off in HCUK's Consumer Finance business. The combination of a severe decrease in new business volumes and increased bad debt could cause the UK Group to suffer losses, thus eroding its equity and reserves and hence potentially compromising its ability to repay principal and interest of Notes in the future. However, this risk is mostly eliminated by the current size of the UK Group's equity and reserves, the careful selection of credit risk (see "*Credit Risk from Trading Operations*") and the fact that in general the UK Group's borrowings are deliberately managed to be repayable after its assets will have been collected.

The European Referendum Act 2015

Pursuant to the European Referendum Act 2015, a referendum on the United Kingdom's membership of the EU (the "**UK's EU Referendum**") was held on 23 June 2016 with the majority voting to leave the EU. In March 2017, the United Kingdom Government exercised its right under Article 50 of the Lisbon Treaty to leave the EU. However, timing and the manner of the United Kingdom's withdrawal from the EU is currently unknown and may not become clear in the short-term. On 23 March 2018, the EU announced that agreement in principle had been reached on a transition period running from the UK's withdrawal from the EU in March 2019 to the end of 2020, during which the UK would retain access to the EU Internal Market and Customs Union on its current terms. This agreement is only political in nature and will not be legally binding until any withdrawal agreement is formally agreed and ratified, a process which is expected to start in October 2018. The EU also announced that the European Council has adopted guidelines for the EU's negotiators, with a view to opening the negotiations with the UK to agree a framework for the future relationship between the EU and UK post Brexit.

Whilst the medium to long-term consequences of the decision to leave the EU remain uncertain, it is expected that there will be a short-term negative impact to the general economic conditions in the United Kingdom and business and consumer confidence in the United Kingdom, which may in turn have a negative impact elsewhere in the EU and more widely. This may be affected by the length of time it takes for the United Kingdom to leave the EU and the terms of any future arrangements the United Kingdom will have with the remaining member states of the EU. Among other things, the United Kingdom's decision to leave the EU could lead to instability in the foreign exchange markets, including volatility in the value of the Sterling, the euro and the Yen.

A drop in business or consumer confidence may have a material impact on GDP growth in one or more significant markets and therefore HCUK's performance (as outlined above in "*Risk of Significant and Rapid Change in Economic Conditions*"). Output growth is likely to be at a slower pace than forecasted prior to the referendum and growth potential could be eroded by reduced levels of fixed asset investment and productivity growth. Lower than previously expected business, consumer or investor confidence could lead to reduced levels of business activity and higher levels of default and impairment.

No assurance can be given that such matters would not adversely affect the market value and/or the liquidity of the Notes in the secondary market and/or the ability of HCUK to satisfy its obligations under the Notes.

Residual Value Risk

This is the risk that the sale of a physical asset at the end of or termination of a lease, yields an amount that is less than the value that was assumed would be recovered in the relevant finance agreement. Residual value risk occurs primarily within the Vehicle Solutions and Business Finance business units (as defined in “*Description of Hitachi Capital (UK) PLC*”). A large fall in second hand market price of the UK Group’s assets that are assumed to have a residual value in rental agreements (such as with cars and other vehicles) would cause the UK Group to realise losses. This risk is mitigated mainly by the fact that the residual value portfolio is relatively small compared to the overall size of the UK Group’s assets (around 10% from time to time). Additionally, future residual value positions are determined after being assessed individually. Residual value positions are monitored with reference to various industry wide sources so that maturities can be managed effectively and any impairment risk minimised.

Business Continuity Risk

This is the risk that a major disaster or pandemic or other unexpected large scale adverse event could result in the UK Group being prevented from conducting business under the terms agreed with customers, suppliers or employees. Such an event could negatively impact on the quantity of new business written and damage business relationships, leading to reduced profitability or a significant loss if the UK Group were unable to collect cash from customers. This in turn could potentially threaten HCUK’s ability to repay principal and interest on Notes when due. To mitigate this risk, HCUK has in place business continuity plans and arrangements for each of its geographically dispersed operating units. Furthermore, the UK Group has made a significant investment and now maintains two separate data centres that fully replicate all essential systems and data on a real time basis thus enabling rapid failover should either centre have any kind of operating performance issue. In the event that the UK Group was prevented from collecting receivables in any possible way then eventually the UK Group could contract out the collection of receivables to third parties thus providing cash to meet liabilities as they fall due.

Compliance and Regulatory Risk

There is a risk that changes in the regulatory framework within which the UK Group operates could reduce the UK Group’s ability to conduct business profitably in the future. There is also a risk that if the UK Group fails to comply with registration or regulations it could eventually lead to penalties, and such losses could potentially reduce HCUK’s ability to repay Notes. To mitigate this risk, HCUK’s Board ensures that appropriate mechanisms, committees and responsibilities are in place or assigned to identify, evaluate and manage the risks which could prevent HCUK from achieving its business plans and furthermore maintains an adequate level of share capital and reserves to absorb some or all of such losses.

Factors that may affect HCA’s ability to fulfil its obligations under Notes issued under the Programme

Credit Risk

HCA, its direct wholly owned subsidiary Hitachi Capital Canada Corp. (“HCCC”) along with HCCC’s direct wholly owned subsidiary CLE Capital Inc. (“CLE”, and together with HCA and HCCC, the “HCA Group”) provide financings to large and small companies on a secured basis. The HCA Group mitigates credit risk by limiting the size of customer exposure based on the type of equipment being financed, the structure of the transaction and the credit strength of the customer. Should there be an increase in the percentage of customers who cannot repay their outstanding obligations however, the HCA Group may need to recognise an increase in its provision for doubtful accounts which may have a negative impact on its financial results.

HCA believes that it has adequate controls to manage this risk. Nevertheless, if the number of customers or obligors who cannot repay their outstanding obligations were to increase unexpectedly, it is possible for the aggregate defaulted amount to exceed HCA’s equity capital and reserves and its capacity to absorb such defaults, and HCA may encounter difficulties in making payments on Notes issued under the Programme.

Interest Rate Risk

The HCA Group provides financings to its customers primarily on a fixed rate basis. A portion of HCA’s liabilities are on a floating rate basis, which gives rise to interest rate risk. When interest rates rise, the result may be a higher cost of borrowing and a reduction in profitability. The HCA Group monitors this risk on a continual basis and evaluates the use of additional fixed rate debt including debt through the Programme as well as derivatives such as interest rate swaps as necessary. While the HCA Group has made efforts to mitigate this risk, the HCA Group offers no assurance

that this risk has been eliminated. A sudden rise in interest rates may have an adverse impact on the HCA Group's financial expenses and result in a deterioration of its financial results.

The counterparties to the HCA Group's interest rate swaps are large international banks with investment grade ratings. The use by the HCA Group of derivatives such as interest rate swaps is based on the expectation of performance by the counterparty to the derivative. In the event of non-performance by the counterparties, the HCA Group's financial results may be negatively affected.

Liquidity Risk

The HCA Group currently raises capital through its U.S. commercial paper programme, the Programme and by borrowing funds under various loan facilities. The HCA Group may face a potential liquidity shortfall if it is unable to repay debts as they mature either by using available cash or raising new debt.

HCA's U.S. commercial paper programme and the Programme are guaranteed by HCC, which may be subject to credit rating downgrades by the credit rating agencies. Such downgrades may limit HCA's ability to borrow in the capital markets and thus make it more difficult to refinance its obligations and increase its cost of funding. This may adversely affect HCA's financial results.

HCA has committed and uncommitted back up lines with various financial institutions for liquidity purposes to mitigate liquidity risk. In addition, HCA has a syndication function and has been successful in selling annually a portion of both its Large Company Financing portfolio and Small Company Financing portfolio (see "*Description of Hitachi Capital America Corp. - General*" for a description of the HCA Group's Large Company Financing and Small Company Financing businesses). While HCCC has an uncommitted back up line with a financial institution for liquidity purposes, which is guaranteed by HCA, the deterioration of HCA's credit may limit HCCC's ability to borrow from such financial institution and thus make it more difficult to refinance its obligations. This in turn may increase HCCC's cost of funding and adversely affect HCCC's financial results. While the HCA Group actively makes efforts to mitigate these liquidity risks, HCA offers no assurance that the risks have been eliminated.

Currency Risk

HCA issues foreign currency based debt through the Programme. Since HCA's operations are in the U.S., issuance of Notes in a currency other than U.S. dollars gives rise to currency risk. HCA makes an effort to eliminate the currency risk through the use of derivatives, such as currency swaps, which effectively convert the foreign currency to U.S. dollars.

The counterparties to HCA's currency swaps are large international banks with investment grade ratings. The use by HCA of derivatives such as currency swaps is based on the expectation of performance by the counterparty to the derivative. In the event of non-performance by these counterparties, HCA may need to secure funding in a particular foreign currency on its own, which may be difficult during times of financial turbulence. If HCA were not able to secure sufficient funding in a particular foreign currency either through the use of currency swaps with counterparties or in the market, HCA may encounter difficulties in making payments on Notes issued under the Programme.

Administrative and System Risks

The HCA Group carries out its business activities using various information systems. Any error, including administrative or accidental human error as well as fraud by employees, unauthorised access to the systems or a computer virus from outside the HCA Group, or a stoppage or breakdown of internal operating systems (for whatever reason), could have an adverse impact on the HCA Group's business results.

To mitigate these risks, the HCA Group has in place a backup generator at its main facility as well as access to a third party disaster recovery site. HCA headquarters utilise a fully redundant enterprise-class firewall to protect its systems and data from unauthorised access. HCA's branch office has a managed firewall providing comprehensive protection and 24/7 monitoring. Access to its major internal computer systems is limited to authorised staff only. Despite the HCA Group's efforts, situations may arise that could result in unexpected financial losses which exceed the HCA Group's equity capital and reserves or that could result in future losses. As a result, HCA may encounter difficulties in making payments on Notes issued under the Programme.

Market Risk

There is a risk that the HCA Group will not be able to compete effectively against its competitors due to aggressive external competition, which may lead to the HCA Group experiencing difficulty in retaining and attracting customers. This may result in a reduction of financing volume and may negatively affect the HCA Group's profitability. While the HCA Group will make an effort to remain competitive, if it were unable to retain and attract customers, HCA may encounter difficulties in making payments on Notes issued under the Programme.

Risk of Economic Downturn

A significant contraction in economic growth or a significant contraction in the business segment markets that the HCA Group serves could give rise to an increase in credit risk in both Large Company Financing and Small Company Financing and a decrease in customer demand for secured lending and leasing. This may result in a reduction in new business volume and may negatively affect HCA's profitability. The combination of a severe decrease in new business volume and an increase in bad debt could result in a deterioration of the HCA Group's financial results and erode the HCA Group's equity capital and reserves. As a result, HCA may encounter difficulties in making payments on Notes issued under the Programme.

Residual Value Risk

There is a risk that the value of a physical asset at the end of an operating or finance lease contract or at the end of its useful life will be worth less than its book value. Certain manufacturers guarantee the majority of the HCA Group's residual values. The HCA Group is required to fulfil certain conditions imposed by the manufacturers in order for the guarantees to be in effect. Non-performance by the HCA Group of these conditions may result in the release of the manufacturers from their guarantee obligations. Without the guarantee payment from the manufacturer, the HCA Group may not fully recover the value of the residuals and this may negatively affect the HCA Group's profitability. While the HCA Group believes that it has adequate internal controls in place to mitigate this risk, no assurances can be given that this risk has been eliminated. In addition, there is also a risk that the manufacturer will not be able to fulfil its guarantee of the residual due to financial or other difficulties. In such situations, the HCA Group's profitability may be adversely affected and it may encounter difficulties in making payments on Notes issued under the Programme.

Key Dependencies

The HCA Group has relationships with certain manufacturers to promote its financing programmes with the manufacturers' customers. Should these relationships be terminated by the manufacturers, it may make it more difficult for HCA to extend credit to such manufacturers' customers. This may result in a reduction of new business volume, and may negatively affect the HCA Group's profitability and ability to make payments on Notes issued under the Programme.

Separately, the loss of certain key employees has the potential to reduce the HCA Group's profitability. While the HCA Group has made efforts to mitigate this risk by avoiding significant employee dependencies and establishing succession plans for key employees, such as divisional management, the HCA Group offers no assurance that the risk has been eliminated. Failure to retain key employees may result in decreased new business volume, and therefore may negatively affect the HCA Group's profitability and ability to make payments on Notes issued under the Programme.

Compliance and Regulatory Risk

There is a risk that changes in the regulatory framework within which the HCA Group operates could reduce its ability to conduct business profitably in the future. There is also the risk that the HCA Group may not be able to adequately comply with registration or regulations, thereby resulting in penalties imposed by regulators which will negatively impact the HCA Group's profitability. Such penalties could not only cause a financial loss exceeding HCA's equity capital and reserves, but also irrevocably damage the HCA Group's reputation, which may result in future losses. In such situations, it may become difficult for HCA to make payments on Notes issued under the Programme.

Internal Controls

The system of internal controls currently implemented by the HCA Group is designed to safeguard assets against unauthorised use, maintain proper accounting records and ensure the reliability of financial information. This system is designed to manage, but not eliminate, the risk of failure to achieve business objectives and provides reasonable rather than absolute assurances against material misstatement, loss or fraud. If the HCA Group's internal controls were

to fail, the HCA Group's financial results may be negatively affected, thereby making it difficult for HCA to make payments on Notes issued under the Programme.

The Internal Controls Committee of the HCA Group is responsible for implementing, monitoring, reviewing and improving the HCA Group's system of internal controls. Such Committee which is chaired by the Chief Financial Officer includes the President as well as other senior executives in finance, risk management and information technology. The HCA Group's senior management is responsible for assessing the design and effectiveness of its internal controls.

Notwithstanding anything stated in this risk factor, this risk factor should not be taken as implying that the relevant Issuer or the Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Business Continuity Risk

A disaster or other unexpected event may lead to the inability of the HCA Group to conduct business under the terms agreed to with customers or dealers and manufacturers. Such an event may negatively impact the HCA Group's profitability. If the financial loss from such disaster or other unexpected event were to exceed the HCA Group's equity capital and reserves or cause future losses, it may become difficult for HCA to make payments on Notes issued under the Programme.

Financial Reporting Risk

A failure of internal controls or fraud may lead to the misstatement of the HCA Group's financial statements. This may result in a loss of confidence in HCA Group companies by stakeholders and may negatively impact the HCA Group's profitability. Such a situation could cause a financial loss exceeding HCA's equity capital and reserves or cause future losses, and HCA may encounter difficulties in making payments on Notes issued under the Programme.

Notwithstanding anything stated in this risk factor, this risk factor should not be taken as implying that the relevant Issuer or the Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

The Notes may be redeemed prior to maturity

In the event that the relevant Issuer or (if applicable) the Guarantor would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the relevant Issuer's taxing jurisdiction, or (if applicable) the Guarantor's taxing jurisdiction, or any authority therein or thereof having power to tax, the relevant Issuer may redeem all of the relevant Notes in accordance with the Terms and Conditions of the Notes.

In addition, an optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Dual Currency Notes

The relevant Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that the market price of such Notes may be volatile, they may receive no interest, payment of principal or interest may occur at a different time or in a different currency than expected and they may lose all or a substantial portion of their principal.

Variable Rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Index Linked Notes

The Issuers may issue Index Linked Notes where the Index Linked Redemption Amount, automatic early redemption or interest payable is dependent upon the level of an index or indices. The index or indices may comprise of reference equities, bonds, other securities, commodities, property, currency exchange rate or other assets or bases of reference, and may be a well-known and widely published index or indices or an index or indices established by an entity which may not be widely published or available. An investment in Index Linked Notes will entail significant risks not associated with a conventional fixed rate or floating rate debt security.

Index Linked Redemption Notes may be redeemable by the relevant Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of the index/indices. Interest payable on Index Linked Interest Notes may be calculated by reference to the value of one or more indices.

Potential investors in Index Linked Notes should be aware that, depending on the terms of the Index Linked Notes, (i) they may receive no or a limited amount of interest, (ii) payments may occur at a different time than expected and (iii) except in the case of principally protected Notes, they may lose all or a substantial portion of their investment if the value of the index/indices do not move in the anticipated direction.

In addition, the movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the Index Linked Redemption Amount or interest payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on the Index Linked Redemption Amount or interest payable will be magnified.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time, such determination may have an effect on the timing of valuation and consequently the value of the Notes and/or may delay settlement in respect of the Notes.

Prospective purchasers should review the Additional Conditions relating to Index Linked Notes and the applicable Final Terms to ascertain whether and how such provisions apply to the Notes.

The market price of Index Linked Notes may be volatile and may depend on, among other things, the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by, among other things, the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.

Additional Disruption Events

If specified in the applicable Final Terms in relation to a Series of Index Linked Notes, if the Calculation Agent determines that an event giving rise to an Additional Disruption Event has occurred at any relevant time the relevant Issuer may either (i) require the Calculation Agent to, at its sole discretion, make such adjustments to the Conditions to account for the Additional Disruption Event or (ii) redeem the Notes by giving notice to the holders of Notes in accordance with Condition 13 (*Notices*).

Prospective purchasers should review the Conditions relating to such Notes and the applicable Final Terms to ascertain whether and how such provisions apply to the Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Discontinuation of LIBOR and other benchmarks

On 27 July 2017, the Financial Conduct Authority (“FCA”) announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. In light of the Benchmark Regulation, and benchmark reform more generally, other benchmarks (including, for example, EURIBOR) could be subject to similar announcements. This may cause LIBOR and other benchmarks to be administered differently, to perform differently than they did in the past, to be discontinued or there may be other consequences that cannot be predicted. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates, and as to potential changes to such benchmarks or their administration may adversely affect such benchmarks during the term of the relevant Notes (such as Floating Rate Notes), the return on the relevant Notes and the trading market for securities based on the same benchmark.

Investors should be aware that, if LIBOR or any other benchmark (including, for example, EURIBOR) was discontinued or otherwise unavailable, the rate of interest on any Notes which reference LIBOR or such other benchmark (such as Floating Rate Notes) will be determined for the relevant period by the fall-back provisions applicable to such Notes (as further described in Condition 4(b)(ii)). Depending on the manner in which LIBOR (or such other benchmark) is to be determined under the Terms and Conditions of the relevant Notes, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the relevant rate which, depending on market circumstances, may not be available at the relevant time or may provide a different result than if LIBOR (or such other benchmark) had continued or continued to be administered in its previous form; or (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. In circumstances where LIBOR continues to be available but is administered differently or performs differently, this could result in adverse consequences for Notes linked to such benchmark (including Floating Rate Notes).

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Interest rates and indices which are deemed to be “benchmarks” are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Because global Notes are held by or on behalf of Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, investors will have to rely on their procedures for transfers, payments and communications with the relevant Issuer and (if applicable) the Guarantor

Notes issued under the Programme may be represented by one or more global Notes. Such global Notes will be deposited with a common depository or, as the case may be, common safekeeper for Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, which will maintain records of the beneficial interests in the global Notes. While the Notes are represented by one or more global Notes, investors will be able to trade their beneficial interests only through Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, as the case may be.

While the Notes are represented by one or more global Notes, the relevant Issuer and (if applicable) the Guarantor will discharge its payment obligations under the Notes by making payments to the common depository or common safekeeper for Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, as the case may be, for distribution to their account holders. A holder of a beneficial interest in a global Note must rely on the procedures of Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, as the case may be, to receive payments under the relevant Notes. The relevant Issuer and (if applicable) the Guarantor has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the global Notes.

Holders of beneficial interests in the global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Clearstream, Luxembourg, Euroclear and/or any other agreed clearance system, as the case may be, to appoint appropriate proxies.

Modification, waivers and meetings of Noteholders

The Terms and Conditions of the Notes and the Agency Agreement contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice at any time after the date of this Offering Circular.

Delisting

Where a particular issue of Notes is listed, the relevant Issuer will use all reasonable endeavours to maintain such listing unless the maintenance of such listing would be unduly burdensome. However, if after exercise of all reasonable endeavours it is unable to comply with the requirements for maintaining such listing or such maintenance is unduly burdensome, the relevant Issuer may delist such Notes and (in the case of Non PD Notes) use its reasonable endeavours to obtain and maintain a listing of such Notes on another major stock exchange or exchanges, such exchange(s) to be notified to the relevant Dealer.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Where the applicable Final Terms specify that a Global Note is exchangeable for Definitive Notes or a Global Registered Note is exchangeable for definitive Registered Notes on not less than 60 days' notice given at any time, Notes will be issued only in denominations which are a multiple of the minimum Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks relating to Renminbi denominated Notes

Notes denominated in Renminbi ("**Renminbi Notes**") may be issued under the Programme. Renminbi Notes contain particular risks for potential investors, including:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present (see "*PRC Currency Controls*" below). The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite significant reduction in control by it in recent years over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

In the event that the relevant Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from, and registration with, the relevant PRC Government authorities. However, there can be no assurance that the necessary approvals from, and registration with, the relevant PRC Government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

Although since 1 October 2016, the Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund, there can also be no assurance that the PRC Government will continue to liberalise gradually the control over cross-border Renminbi remittances in the future, that the pilot schemes will not be

discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the relevant Issuer or (if applicable) the Guarantor does remit some or all of the proceeds into the PRC in Renminbi and the relevant Issuer or (if applicable) the Guarantor subsequently is not able to repatriate funds outside the PRC in Renminbi, this may affect the ability of the relevant Issuer and (if applicable) the Guarantor to source Renminbi to finance its obligations under the Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the relevant Issuer's or (if applicable) the Guarantor's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

While the People's Bank of China ("**PBoC**"), the central bank of China, has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "**Renminbi Clearing Banks**"), including but not limited to Hong Kong, London, Frankfurt and Singapore, and is in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi-denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There can be no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the relevant Issuer or (if applicable) the Guarantor is required to source Renminbi outside the PRC to service the Renminbi Notes, there can be no assurance that the relevant Issuer or (if applicable) the Guarantor will be able to source such Renminbi on satisfactory terms, if at all. If Renminbi is not available in certain circumstances as described in the Terms and Conditions of the Notes applicable to Renminbi Notes, the relevant Issuer or (if applicable) the Guarantor can make payments in U.S. dollars.

Investment in Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. In August 2015, the PBoC implemented changes to the way it calculates the midpoint against the U.S. dollar to take into account market-maker quotes before announcing the daily midpoint. This change, among others that may be implemented, may increase the volatility in the value of the Renminbi against other currencies. The relevant Issuer will make all payments of interest and principal with respect to Renminbi Notes in Renminbi unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in Renminbi-denominated Notes is subject to currency risk

In the event that access to Renminbi becomes restricted to the extent that, by reason of Inconvertibility, Non-transferability or Illiquidity (as defined in Condition 5(f) (*Payments - Payment of U.S. Dollar Equivalent*)), the relevant Issuer or (if applicable) the Guarantor is unable, or it is impractical for it, to pay interest or principal in Renminbi, the Terms and Conditions of the Notes allow the relevant Issuer or (if applicable) the Guarantor to make payment in U.S. dollars at the prevailing spot rate of exchange, all as provided in more detail in Condition 5(f) (*Payments - Payment of U.S. Dollar Equivalent*). As a result, the value of these Renminbi payments may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of a Noteholder's investment in U.S. dollar or other foreign currency terms will decline.

An investment in Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. The Renminbi Notes may carry a fixed interest rate. Consequently, the trading price of such Renminbi Notes will vary with fluctuations in interest rates. If a holder of Renminbi Notes tries to sell any Renminbi Notes before their maturity, they may receive an offer that is less than the amount invested.

Payments in respect of Renminbi Notes will only be made to investors in the manner specified in the terms and conditions of the relevant Notes

All payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global Notes held with the common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong, or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the applicable Final Terms in accordance with the prevailing rules and procedures of Euroclear and Clearstream, Luxembourg or the applicable alternative clearing system; or (ii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the applicable Final Terms in accordance with prevailing rules and regulations. The relevant Issuer and (if applicable) the Guarantor cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and its implementation rules which took effect on 1 January 2008, any gain realised on the transfer of Renminbi Notes by non-resident enterprise Holders may be subject to enterprise income tax if such gain is income derived from sources within the PRC. However, uncertainty remains as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. According to the arrangement between the PRC and Hong Kong, residents of Hong Kong, including enterprise holders and individual holders, will not be subject to PRC tax on any capital gains derived from a sale or exchange of the Renminbi Notes.

Therefore, if non-resident enterprise Holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of gains realised unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.

Risks related to Non PD Notes

An active secondary market in respect of the Non PD Notes may never be established or may be illiquid, which would adversely affect the value at which an investor could sell its Non PD Notes

Non PD Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Non PD Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market at prices higher than the relevant investor's initial investment. Therefore, in establishing their investment strategy, investors should ensure that the term of the Non PD Notes is in line with their future liquidity requirements. This is particularly the case for Non PD Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Non PD Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Non PD Notes. The liquidity of Non PD Notes is also influenced by whether or not the relevant Non PD Notes are exclusively offered to retail investors without any offer to institutional investors.

The relevant Issuer may, but is not obliged to, list an issue of Non PD Notes on a stock exchange. If Non PD Notes are not listed or traded on any exchange, pricing information for the relevant Non PD Notes may be more difficult to obtain and the liquidity of such Non PD Notes may be adversely affected.

The secondary market price of any Non PD Notes immediately following their issue may be less than the issue price

If Non PD Notes are not listed or admitted to trading on a regulated market in a Member State of the European Economic Area, they may be traded on trading systems governed by the laws and regulations in force from time to time (e.g., multilateral trading systems or “MTF”) or in other trading systems (e.g., bilateral systems, or equivalent trading systems). Trading in such Non PD Notes may take place outside the above-mentioned trading systems, with possible risks as to the transparency of the determination of prices. Investors should note that the relevant Issuer does not grant any warranty to Noteholders as to the methodologies used to determine the price of Non PD Notes which are traded outside a trading system, however, where the relevant Issuer or any of their affiliates determine the price of such Non PD Notes, they will take into account the market parameters applicable at such time in accordance with applicable provisions of law.

The relevant Issuer and any relevant Dealer may, but is not obliged to, at any time purchase Non PD Notes at any price in the open market or by tender or private treaty. Any Non PD Notes so purchased may be held or resold or surrendered for cancellation. Any relevant Dealer may, but is not obliged to, be a market maker for an issue of Non PD Notes. Even if a relevant Dealer is a market-maker for an issue of Non PD Notes, the secondary market for such Non PD Notes may be limited and there is no assurance given as to the price offered by a secondary market-maker or the impact of any such quoted prices on those available in the wider market. To the extent that an issue of Non PD Notes becomes illiquid, an investor may have to hold the relevant Non PD Notes until maturity before it is able to realise value.

In the case of unlisted Non PD Notes (i) subject to optional redemption by the relevant Issuer and (ii) where principal or interest is determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (“**Unlisted Callable Structured Notes**”), the relevant Issuer may from time to time publish on a screen page of a commercial quotation service or on such other basis as it may advise the relevant Dealer(s) an indication of the charges it may apply on any purchase by it of such Unlisted Callable Structured Notes.

Any such publication is in the relevant Issuer’s sole and absolute discretion and the relevant Issuer may subsequently change any indicative charge so published or cease such publication at any time and for any reason. No such publication will constitute an offer to buy or a solicitation of an offer to sell any Unlisted Callable Structured Notes or represent any undertaking or other commitment by the relevant Issuer to purchase any Unlisted Callable Structured Notes and any actual charge applied by the relevant Issuer on any purchase of Unlisted Callable Structured Notes by it may be greater or less than any indicative charge published. The relevant Issuer or (if applicable) the Guarantor will not at any time purchase any Unlisted Callable Structured Non PD Notes from any Noteholder in any jurisdiction in which such purchase is unlawful and the relevant Issuer may decide not to purchase Unlisted Callable Structured Notes at any time and for any reason.

Any charge the relevant Issuer may apply on any purchase of Unlisted Callable Structured Notes will be only one of the relevant considerations in determining the purchase price of the relevant Unlisted Callable Structured Notes and other relevant factors may include, without limitation, the weighted average life of the Unlisted Callable Structured Notes and the cost to the relevant Issuer of unwinding any underlying and/or related hedging and funding arrangements. The determination of such factors and any price at which the relevant Issuer may purchase any Unlisted Callable Structured Notes will be in the sole and absolute discretion of the relevant Issuer.

Investors should note that a secondary market may be affected by both legal restrictions in certain jurisdictions and by the Issuer and/or any relevant Dealer purchasing or holding Non PD Notes.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories

of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The relevant Issuer will pay principal and interest on the Notes and (if applicable) the Guarantor will make any payments under the relevant Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, the applicable rating(s) will be specified in the applicable Final Terms. Such rating(s) will not necessarily be the same as the ratings assigned to any of the Issuers, the Programme described in this Offering Circular or to Notes already issued.

The rating(s) assigned to any Notes may not reflect the potential impact of all risks related to the structure of the issue, market, additional factors discussed above, and other factors that may affect the value of the Notes. Accordingly, a credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

There are no guarantees that any rating assigned to an issue of Notes will be assigned or maintained. Any credit rating agency may lower its rating or withdraw its rating if, in the sole judgement of the credit rating agency, the credit quality of the Notes has declined or is in question. In addition, at any time a credit rating agency may revise its relevant rating methodology with the result that, among other things, any rating assigned to the Notes may be lowered. If any of the rating(s) assigned to the Notes is lowered or withdrawn, the market value of the Notes may be reduced.

FINAL TERMS, PRICING SUPPLEMENTS AND DRAWDOWN PROSPECTUSES

In this section “*Final Terms, Pricing Supplements and Drawdown Prospectuses*”, the expression “necessary information” means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the relevant Issuer and (if applicable) the Guarantor and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme, the Issuer and the Guarantor have endeavoured to include in this Offering Circular all of the necessary information except for information relating to the Notes which is not known at the date of this Offering Circular and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Offering Circular and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the applicable Final Terms, Pricing Supplement or in a Drawdown Prospectus. Such information will be contained in the applicable Final Terms or Pricing Supplement unless any of such information constitutes a significant new factor relating to the information contained in this Offering Circular in which case such information, together with all of the other necessary information in relation to the relevant series of Notes (other than Non PD Notes), may be contained in a Drawdown Prospectus or a new offering circular.

For a Tranche of Notes which is the subject of Final Terms or Pricing Supplement, the Final Terms or Pricing Supplement will, for the purposes of that Tranche only, supplement this Offering Circular and must be read in conjunction with this Offering Circular. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Terms and Conditions of the Notes as completed by the applicable Final Terms and the terms and conditions applicable to any particular Tranche of Notes which is the subject of a Pricing Supplement are the Terms and Conditions of the Notes as completed, amended, modified or superseded by the applicable Pricing Supplement.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the relevant Issuer and (if applicable) the Guarantor and the relevant Notes. The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Terms and Conditions of the Notes as supplemented, amended and/or replaced to the extent described in the applicable Pricing Supplement or Drawdown Prospectus.

In the case of a Tranche of Notes which is the subject of a Pricing Supplement or Drawdown Prospectus, each reference in this Offering Circular to information being specified or identified in the applicable Final Terms shall be read and construed as a reference to such information being specified or identified in the applicable Pricing Supplement or Drawdown Prospectus unless the context requires otherwise.

FORM OF THE NOTES

General

The issue, exchange and transfer of Notes as described in this section “*Form of the Notes*” shall be effected pursuant to, and in accordance with, the provisions of the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”) and without charge to any holder of Notes (but against such indemnity as the Principal Paying Agent or Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such issue, exchange or transfer).

Notes which are represented by a global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Each of the Issuers may issue additional Tranches of Notes from time to time, which will be consolidated, form a single series and be interchangeable for trading purposes with the existing Tranche(s) of the Series on either (1) the issue date of the additional Tranche of Notes or (2) on exchange of the Temporary Global Note representing the additional Tranche of Notes for interests in the Permanent Global Note. Upon issuance of additional Tranches of Bearer Notes (if any) prior to the Exchange Date for a particular Tranche of Bearer Notes (as it may be extended), such Exchange Date will be extended (or further extended), without the consent of the Noteholders, until the fortieth day after the completion of the distribution of such additional Tranche of Bearer Notes. Upon issuance of additional Tranches of Registered Notes (if any) prior to the date that is the fortieth day after the completion of the distribution of a particular Tranche of Registered Notes (as it may be extended), such fortieth day will be extended (or further extended), without the consent of the Noteholders, until the fortieth day after the completion of the distribution of such additional Tranche of Registered Notes.

Pursuant to the Agency Agreement, the Principal Paying Agent or the Registrar, as the case may be, shall arrange that, where an additional Tranche of Notes is issued which is intended to form a single series and be consolidated with an existing Tranche of Notes and such Notes will be represented on issue by a Temporary Global Note, the Notes of such additional Tranche shall be assigned a temporary common code and temporary ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to existing Notes of any other Tranche of the same Series until at least 40 days after the completion of the distribution of the Notes of such additional Tranche.

A Note may be declared due and payable by a Noteholder upon the occurrence of an Event of Default, as described in Condition 9 of the Notes. In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his securities account with Euroclear or Clearstream, Luxembourg gives notice that he wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, such global Note will become void together with, in the case of a Global Registered Note, the corresponding entry in the Register (as defined under “*Terms and Conditions of the Notes*”). At the same time, holders of interests in such global Note credited to their account with Euroclear or Clearstream, Luxembourg will become entitled to proceed directly against the relevant Issuer on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of a deed of covenant (the “**Deed of Covenant**”) dated 12 August 2013, executed by the relevant Issuer.

Bearer Notes

Only HCC and HCUK may issue Notes in bearer form (“**Bearer Notes**”).

Each Tranche of Bearer Notes will either be initially represented by a temporary global Note (without Receipts, Coupons or Talons) (a “**Temporary Global Note**”) or, if agreed between the relevant Issuer and the relevant Dealer, be represented by a permanent global Note (a “**Permanent Global Note**”) which, in either case, unless otherwise agreed between the relevant Issuer and the relevant Dealer, will (i) if the Global Notes are intended to be issued in new global note (“**NGN**”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear and Clearstream, Luxembourg; and (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the “**Common Depositary**”) for Euroclear and Clearstream, Luxembourg.

If a Temporary Global Note and/or Permanent Global Note is issued in NGN form, Euroclear and Clearstream, Luxembourg will be informed whether or not the Notes are intended to be held as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem (“**Eurosystem eligible collateral**”). In the case of

Non PD Notes, the applicable Pricing Supplement will state whether or not the relevant Non PD Notes are intended to be held as Eurosystem eligible collateral. The designation that Notes are intended to be held as Eurosystem eligible collateral means that the Notes are intended upon issue to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. In the case of Notes which are not intended to be held as Eurosystem eligible collateral as of their issue date, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them, the Notes may then be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper. This does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem at any time during their life. In either case, such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to each Tranche of Notes, beneficial interests in a Temporary Global Note, a Permanent Global Note or definitive Bearer Notes may not be offered or sold to, or for the account or benefit of, a U.S. person (as defined in Regulation S under the Securities Act).

Whilst any Bearer Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made outside the United States and its possessions (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owner of such Bearer Note is not a U.S. person or a person who has purchased for resale, directly or indirectly, to any U.S. person, as required by U.S. Treasury Regulations and applicable U.S. securities laws, has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it/they has/have received) to the Principal Paying Agent.

On and after the date (the “**Exchange Date**”) which is the later of (i) 40 days after the date on which any Temporary Global Note is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non syndicated issue) or the relevant lead manager (in the case of a syndicated issue), interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either (i) for interests in a Permanent Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and – if, at the time of exchange into definitive form, more than 27 coupon payments are left – Talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or definitive Bearer Notes is improperly withheld or refused. The exchange upon notice or at any time options should not be expressed to be applicable if the Specified Denomination of the Notes includes language substantially to the following effect: “€100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000”. Furthermore, such Specified Denomination construction is not permitted in relation to any issuance of Notes which is to be represented on issue by a Permanent Global Note exchangeable for Definitive Notes.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) outside the United States and its possessions of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Principal Paying Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, and in respect of Bearer Notes only, “**Exchange Event**” means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note issued in definitive Bearer Note form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may

also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

No definitive Bearer Note delivered in exchange for a Temporary Global Note or a Permanent Global Note will be mailed or otherwise delivered to any location in the United States or its possessions in connection with any such exchange.

Registered Notes

HCC, HCUK and HCA may issue Notes in registered form (“**Registered Notes**”). HCA may only issue Registered Notes.

Each Tranche of Registered Notes will be in the form of either a global Registered Note (a “**Global Registered Note**”) or definitive Registered Notes, without Receipts, Coupons or Talons attached, in each case as specified in the applicable Final Terms.

Prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to each Tranche of Notes, beneficial interests in a Global Registered Note or definitive Registered Notes may not be offered or sold to, or for the account or benefit of, a U.S. person (as defined in Regulation S under the Securities Act).

Each Global Registered Note will be deposited on or around the relevant issue date with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and registered in the name of a nominee for such depositary and will be exchangeable for definitive Registered Notes in accordance with its terms.

Payments of principal, interest and any other amount in respect of a Global Registered Note will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the relevant Global Registered Note. None of the relevant Issuer, (if applicable) the Guarantor, the Principal Paying Agent, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in a Global Registered Note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will be made to the persons shown on the Register on the relevant Record Date (as defined under “*Terms and Conditions of the Notes*”) immediately preceding the due date for payment in the manner provided in the Terms and Conditions of the Notes.

If the applicable Final Terms specifies the form of Notes as being “Global Registered Note exchangeable for definitive Registered Notes”, then the Notes will initially be in the form of a Global Registered Note which will be exchangeable (free of charge) in whole, but not in part, for definitive Registered Notes, without Receipts, Coupons or Talons attached, upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Registered Note) to the Registrar as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, and in respect of Global Registered Notes only, “**Exchange Event**” means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Global Registered Note issued in definitive Registered Note form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Registered Note) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Registrar.

If the applicable Final Terms specifies the form of Notes as being “definitive Registered Notes”, then the Notes will at all times be in the form of definitive Registered Notes issued to each Noteholder in respect of their respective holdings.

Taiwan Settlement and Trading

*The following summary of certain settlement and trading procedures is generally based on current law and practice and assumes that the Notes will be issued, offered, sold or re-sold, directly or indirectly, to professional investors as defined under Paragraph 1 of Article 2-1 of the Taipei Exchange Rules Governing Management of Foreign Currency Denominated International Bonds of Taiwan (“**TPEX Rules**”) only and pursuant to such TPEX Rules and other relevant rules and regulations of Taiwan.*

Initial subscription of the Notes by investors will be settled directly through Euroclear or Clearstream, Luxembourg. In order to purchase the Notes, an investor must have an account with Euroclear or Clearstream, Luxembourg and settle the Notes through such account with Euroclear or Clearstream, Luxembourg. For any Taiwanese investor having its own account with Euroclear or Clearstream, Luxembourg, the distributions of principal and/or interest for the Notes to such holders will be made to its own account with Euroclear or Clearstream, Luxembourg.

As of the date of this Offering Circular, the Issuers have not entered into any settlement agreement with the Taiwan Depository & Clearing Corporation (“**TDCC**”) and have no intention to do so. In the future, if any of the Issuers enter into a settlement agreement with TDCC, an investor, if it has a securities book-entry account with a Taiwan securities broker and a foreign currency deposit account with a Taiwan bank, may settle the Notes through the account of TDCC with Euroclear or Clearstream, Luxembourg if it applies to TDCC (by filing in a prescribed form) to transfer the Notes in its own account with Euroclear or Clearstream, Luxembourg to such TDCC account with Euroclear or Clearstream, Luxembourg for trading in the domestic market or vice versa for trading in overseas markets. For settlement through TDCC, TDCC will allocate the respective Notes position to the securities book-entry account designated by such investor in Taiwan. The Notes will be traded and settled pursuant to the applicable rules and operating procedures of TDCC and the Taipei Exchange (“**TPEX**”) as domestic bonds. For such investors who hold their interest in the Notes through an account opened and held by TDCC with Euroclear or Clearstream, Luxembourg, distributions of principal and/or interest for the Notes to such holders may be made by payment services banks whose systems are connected to TDCC to the foreign currency deposit accounts of the holders. Such payment is expected to be made on the second Taiwanese business day following TDCC’s receipt of such payment (due to time difference, the payment is expected to be received by TDCC one Taiwanese business day after the distribution date). However, when the holders will actually receive such distributions may vary depending upon the daily operations of the Taiwan banks with which the holder has the foreign currency deposit account.

Legends

The following legend will appear on all Notes and (if applicable) Receipts, Coupons and Talons:

“THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”) AND MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR ITS POSSESSIONS OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS UNLESS AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT IS AVAILABLE.”

The following legend will appear on all global Bearer Notes, definitive Bearer Notes, Receipts, Coupons and Talons issued by HCC or HCUK with an initial maturity of more than 1 year:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections of the Internal Revenue Code referred to provide that United States persons, with certain exceptions, will not be entitled to deduct any loss on Notes, Receipts or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, Receipts or Coupons.

The following legend will appear on all global Notes, definitive Notes, (if applicable) Receipts and Coupons (including Talons) issued by (i) HCC or (ii) HCUK or HCA, in circumstances where any interest on the Notes is attributable to a business in Japan conducted by such Issuer through its permanent establishment in Japan as provided for in the Special Taxation Measures Law:

“Payment of interest on the Notes to an individual resident of Japan or a Japanese corporation (except for (i) a financial institution designated by the Order for Enforcement of the Special Taxation Measures Law of Japan (the “**Cabinet Order**”) which has complied with the requirements under Article 6 of the Special Taxation Measures Law of Japan and (ii) a Japanese public corporation, a Japanese financial institution or a Japanese financial instruments

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

For Renminbi Notes (as defined in Condition 5(f)) which are Fixed Rate Notes, where the Interest Payment Dates specified in the applicable Final Terms are subject to modification, each Fixed Coupon Amount shall be calculated by multiplying the product of the relevant Rate of Interest and the relevant Calculation Amount by the relevant Day Count Fraction and rounding the resultant figure to the nearest CNH0.01, CNH0.005 for the case of Renminbi denominated Fixed Rate Notes being rounded upwards.

If two or more of the Reference Banks provide the Principal Paying Agent and the relevant Issuer with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent and the relevant Issuer with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean

(rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent and the relevant Issuer by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any); or, if fewer than two of the Reference Banks provide the Principal Paying Agent and the relevant Issuer with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the relevant Issuer suitable for such purpose) informs the Principal Paying Agent and the relevant Issuer it is quoting to leading banks in the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any), **provided that**, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

The Principal Paying Agent shall not be responsible to the relevant Issuer or to any third party (except in the event of negligence, default, misconduct or bad faith of the Principal Paying Agent) as a result of the Principal Paying Agent having acted in good faith on any quotation given by any Reference Bank which subsequently may be found to be incorrect.

(v) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Principal Paying Agent or such other party specified in the applicable Final Terms (the “**Calculation Agent**”) will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent, if applicable, will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Paying Agent or Calculation Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are Registered Notes in definitive form or are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, the aggregate outstanding nominal amount of the Notes represented by such Registered Notes in definitive form or global Note; or
- (B) in the case of Floating Rate Notes that are Bearer Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) If “**Actual/Actual (ISDA)**” or “**Actual/Actual**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) If “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (C) if “**Actual/365 (Sterling)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (E) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and **D₁** is greater than 29, in which case **D₂** will be 30;

- (F) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case **D₂** will be 30; and

- (G) if “**30E/360 (ISDA)**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31 in which case **D₂** will be 30.

(vi) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the relevant Interest Period, **provided, however**, that if there is no rate available for a period of time next shorter or (as the case may be) next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this Condition 4(b)(vi), “**Designated Maturity**” means, in relation to Screen Rate Determination, the period designated in the Reference Rate.

(vii) *Notification of Rate of Interest and Interest Amount*

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(viii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), by the Principal Paying Agent or such other agent as is specified in the applicable Final Terms, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, (if applicable) the Guarantor, the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, (if applicable) the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or that other agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(a) *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Final Terms.

(b) *Index Linked Interest Notes*

If the applicable Final Terms specify that the Notes are Index Linked Interest Notes the provisions of Additional Condition 1 (*Index Linked Notes*) set out in the Annex to these Conditions shall apply and the Interest Rate and the Interest Amount per Calculation Amount with respect to the relevant Interest Period shall be determined by the Calculation Agent (i) by applying the applicable rate of interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or (ii) as otherwise specified in these Conditions, the relevant Additional Conditions and the applicable Final Terms.

(c) *Accrual of Interest*

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption (or, in the case of an Instalment Note, in respect of each instalment of principal, on the due date for payment of the relevant Instalment Amount) unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the monies payable has been received by the Principal Paying Agent and notice to that effect has been given in accordance with Condition 13 or individually.

5. **Payments**

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro and Renminbi will be made at the option of the bearer either by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively), **provided, however,** that no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States;
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque, **provided, however, that** no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States;

- (iii) payments of the U.S. Dollar Equivalent of the relevant Renminbi amount, determined in accordance with Condition 5(f), will be made by credit or transfer to a U.S. dollar account (or any other account to which U.S. dollar may be credited or transferred) specified by the payee or, at the option of the payee, by a U.S. dollar cheque, **provided, however, that** no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States; and
- (iv) payments in Renminbi will be made by credit or transfer to an account denominated in that currency and maintained by the payee with a bank in Hong Kong or an Additional Renminbi Clearing Financial Centre specified in the Final Terms.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the United States Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto (in each case without prejudice to the provisions of Condition 7).

(b) ***Payments in respect of Bearer Notes, Receipts and Coupons***

This Condition 5(b) is only applicable to Bearer Notes.

Payments of principal in respect of definitive Bearer Notes (if issued) will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant definitive Bearer Note, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Bearer Notes (if issued), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant definitive Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Unmatured Receipts and Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmaturred Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive Bearer Note form (other than Dual Currency Notes, Index Linked Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmaturred Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmaturred Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmaturred Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due but in no event thereafter. Upon any Fixed Rate Note in definitive Bearer Note form becoming due and repayable prior to its Maturity Date, all unmaturred Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Notes or Long Maturity Note in definitive Bearer Note form becomes due and repayable, unmaturred Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon **provided that** such Note shall cease to be a Long Maturity Note on the

Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Bearer Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant global Bearer Note against presentation or surrender, as the case may be, of such global Bearer Note at the specified office of any Paying Agent outside the United States, subject as provided below. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such global Bearer Note either by such Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

The holder of a global Bearer Note shall be the only person entitled to receive payments in respect of Notes represented by such global Bearer Note and the Issuer or the Guarantor will be discharged by payment to, or to the order of, the holder of such global Bearer Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Bearer Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or the Guarantor to, or to the order of, the holder of such global Bearer Note. No person other than the holder of such global Bearer Note shall have any claim against the Issuer or the Guarantor in respect of any payments due on that global Bearer Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer and the Guarantor have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment in U.S. dollars of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

(c) ***Payments in respect of Registered Notes***

This Condition 5(c) is only applicable to Registered Notes.

Payments of principal (including the final instalment of principal) in respect of definitive Registered Notes will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant definitive Registered Note at the specified office of any of the Paying Agents. Such payments will be made in accordance with paragraph (a) above but only by transfer to the Designated Account (as defined below) of the holder (or, in the case of joint holdings, the first named thereof) of the definitive Registered Note appearing in the Register at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date for payment.

For these purposes, “**Designated Account**” means the account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and “**Designated Bank**” means (1) in the case of payment in a Specified Currency other than euro and Renminbi, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland respectively), (2) in the case of a payment in

euro, any bank which processes payments in euro and (3) in the case of a payment in Renminbi, a bank in Hong Kong or an Additional Renminbi Clearing Financial Centre specified in the Final Terms.

Payments of interest and payments of instalments of principal (other than the final instalment of principal and other than any interest or instalment payments in Renminbi) in respect of definitive Registered Notes will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the relevant Paying Agent is located immediately preceding the relevant due date for payment to the holder (or, in the case of joint holdings, the first named thereof) of the definitive Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date for payment (the “**Record Date**”) at his address shown in the Register at the close of business on the Record Date and at his risk. In the case of interest payments or instalments in Renminbi, and for any other Specified Currency upon application of the holder to the specified office of any Paying Agent not less than three business days in the city where the specified office of the relevant Paying Agent is located before the due date for any payment of interest or an instalment of principal (other than the final instalment) in respect of a definitive Registered Note, the payment will be made in accordance with paragraph (a) above but only by transfer to a Designated Account on the due date in the manner provided in the second paragraph of this Condition 5(c). Any application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the definitive Registered Note which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each definitive Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such definitive Registered Note as set out in the first sentence of the second paragraph of this Condition 5(c).

So long as the Registered Notes are represented by a global Registered Note and such global Registered Note is held on behalf of a clearing system, the requirement that the relevant global Registered Notes shall be surrendered in order to receive payment shall not apply. Each payment in respect of a global Registered Note will be made in the same manner specified in this Condition 5(c) **provided that** such payments will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “**Clearing System Business Day**” means a day on which each clearing system for which the relevant global Registered Note is being held is open for business.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of any cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post.

(d) ***Payment Day***

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to any further interest or other payment in respect of such delay. For these purposes, “**Payment Day**” means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation (in the case of Notes held in definitive form only); and
 - (B) each Additional Financial Centre specified in the applicable Final Terms
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro and Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively), (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments of Renminbi and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong or an Additional Renminbi Clearing Financial Centre specified in the Final Terms,

provided, however, that in the case of any payment of any amount in respect of a Note represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, paragraph (i) above shall be disregarded for the purposes of this definition of “Payment Day”.

(e) **Interpretation of Principal and Interest**

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as designed in Condition 6(e)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

(f) **Payment of U.S. Dollar Equivalent**

This Condition 5(f) applies to Notes denominated in Renminbi (the “**Renminbi Notes**”).

Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer or (if applicable) the Guarantor is not able to satisfy payments of principal or interest (in whole or in part) in respect of Renminbi Notes when due in Renminbi, the Issuer or (if applicable) the Guarantor may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi amount. Upon the determination that a condition of Inconvertibility, Non-transferability or Illiquidity prevails, the Issuer shall no later than 10.00 a.m. (Hong Kong time) on the Rate Calculation Date, (i) notify the Calculation Agent and the Paying Agents, and (ii) notify the Noteholders in accordance with Condition 13 of such determination.

Any payment made in the U.S. Dollar Equivalent of a Renminbi amount under this Condition 5(f) will constitute valid payment, and will not constitute a default in respect of the Renminbi Notes.

For the purposes of these Conditions, “**U.S. Dollar Equivalent**” of a Renminbi amount means the relevant Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Rate Calculation Date as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date.

For this purpose:

“**Governmental Authority**” means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong or the PRC.

“**Illiquidity**” means the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers, as a result of which the Issuer or (if applicable) the Guarantor cannot, having used its reasonable endeavours, obtain sufficient Renminbi in order fully to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Renminbi Notes.

“Inconvertibility” means that the Issuer or (if applicable) the Guarantor determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its reasonable endeavours, impracticable, for it to convert any amount due in respect of the Renminbi Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible or, having used its reasonable endeavours, impracticable for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Non-transferability” means that the Issuer or (if applicable) the Guarantor determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its reasonable endeavours, impracticable, for it to deliver Renminbi (i) between accounts inside Hong Kong or (ii) from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer or (if applicable) the Guarantor to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible or, having used its reasonable endeavours, impracticable for the Issuer or (if applicable) the Guarantor, due to an event beyond its control, to comply with such law, rule or regulation).

“PRC” means the People’s Republic of China.

“Rate Calculation Business Day” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong and New York City.

“Rate Calculation Date” means the day which is two Rate Calculation Business Days before the due date of the relevant amount under these Conditions.

“Renminbi”, **“RMB”** or **“CNH”** means the official currency of the People’s Republic of China.

“Renminbi Dealer” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong.

“Spot Rate” means, for a Rate Calculation Date, the spot USD/RMB exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong, as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on a deliverable basis by reference to Reuters Screen Page TRADCNH3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available USD/RMB official fixing rate for settlement on the due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNH=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(f) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, (if applicable) the Guarantor, the Agents and all Noteholders, Receiptholders and Couponholders.

6. **Redemption and Purchase**

(a) ***At Maturity***

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the Issuer at (i) its Final Redemption Amount (or, in the case of Instalment Notes, such number of instalments and such Instalment Amounts) specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms or (ii) in the case of an Index Linked Redemption Note, its Index Linked Redemption Amount specified in, or determined in the manner specified in, the applicable Final

Terms in the relevant Specified Currency on the Maturity Date and in accordance with the provisions of Additional Condition 1 (*Index Linked Notes*) set out in the Annex to these Conditions.

(b) ***Redemption for Tax Reasons***

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes or Dual Currency Interest Notes) or on any Interest Payment Date (in the case of Floating Rate Notes or Dual Currency Interest Notes), on giving not less than 30 nor more than 60 days' notice (or such other period as is indicated in the applicable Final Terms) to the Noteholders in accordance with Condition 13 and to the Principal Paying Agent and the Registrar (which notices shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 or (if applicable) the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer (or (if applicable) the Guarantor, as the case may be) taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or (if applicable) the Guarantor, as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes (or (if applicable) the Guarantee, as the case may be) then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Principal Paying Agent and the Registrar a certificate signed by two Directors of the Issuer (or (if applicable) a Representative Director of the Guarantor, as the case may be) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer (or (if applicable) the Guarantor, as the case may be) has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) ***Redemption at the Option of the Issuer (Issuer Call)***

If Issuer Call is specified in the applicable Final Terms the relevant Issuer may, having given:

- (i) not less than 30 nor more than 60 days' notice (or such other period as is indicated in the applicable Final Terms) to the Noteholders in accordance with Condition 13; and
- (ii) not less than 15 days' notice (or such other period as is indicated in the applicable Final Terms) before the giving of the notice referred to in (i), notice to the Principal Paying Agent and the Registrar,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at either (i) the Optional Redemption Amount(s) specified in the applicable Final Terms together or (ii) in the case of Index Linked Redemption Notes, at their Early Redemption Amount referred to in paragraph (e) below, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (the "**Redeemed Notes**") will be selected, in the case of Redeemed Notes represented by definitive Notes, individually by lot, and, in the case of Redeemed Notes represented by a global Note, in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in each case not more than 30 days prior to the date fixed for redemption (such

date of selection being hereinafter called the “**Selection Date**”). In the case of Redeemed Notes represented by definitive Bearer Notes, a list of the certificate numbers of such Redeemed Notes and, in the case of Redeemed Notes represented by definitive Registered Notes, the nominal amount of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days (or such other period as is indicated in the applicable Final Terms) prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, **provided that** such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five days prior to the Selection Date.

(d) ***Redemption at the Option of the Noteholders (Investor Put)***

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than 30 nor more than 60 days’ notice (or such other period as is indicated in the applicable Final Terms) or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem (subject to, and in accordance with, the terms specified in the applicable Final Terms) such Note on the Optional Redemption Date and at either (i) the Optional Redemption Amount specified in the applicable Final Terms together or (ii) in the case of Index Linked Redemption Notes, at their Early Redemption Amount referred to in paragraph (e) below, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the Note, the holder of the Note must, if this Note is a definitive Note and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) outside the United States and its possessions at any time during the business hours of such Paying Agent or the Registrar, as the case may be, falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or the Registrar (the “**Put Notice**”) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6(d) and, in the case of definitive Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the definitive Registered Note so surrendered is to be redeemed, an address to which a new definitive Registered Note in respect of the balance of such definitive Registered Note is to be sent subject to and in accordance with the relevant provisions of Condition 1.

If this Note is a global Note, held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear or Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to a Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear or Clearstream, Luxembourg from time to time and at the same time present or procure the presentation of the relevant global Note to the Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) for notation accordingly.

Any Put Notice or other notice given by a holder of any Note pursuant to this paragraph (d) shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9.

(e) ***Early Redemption Amounts***

For the purpose of paragraph (b) above and Condition 9, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or

- (ii) in the case of Notes (other than Zero Coupon Notes and Index Linked Redemption Notes but including Instalment Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount;
- (iii) in the case of Zero Coupon Notes, at an amount (the Amortised Face Amount) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

“RP” means the Reference Price;

“AY” means the Accrual Yield expressed as a decimal; and

“y” is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360; or

- (iv) in the case of Index Linked Notes, if Early Redemption (Market Value) is specified in the applicable Final Terms, the Specified Currency amount which is determined by the Calculation Agent in its sole and absolute discretion to be the fair market value of such Notes immediately prior to such early redemption, adjusted to account fully for any reasonable expenses and costs to the Issuer of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity or currency options hedging the Issuer’s obligations under the Notes) together with accrued interest (if any) thereon.

(f) ***Automatic Early Redemption for Index Linked Redemption Notes***

If the applicable Final Terms specifies that automatic early redemption applies with respect to the Index Linked Redemption Notes, in the case that the Calculation Agent determines, in accordance with Additional Condition 1.4(a) that an Automatic Early Redemption Event occurs, the Notes shall be redeemed at the Automatic Early Redemption Amount as specified in the applicable Final Terms on the Automatic Early Redemption Date.

(g) ***Instalments***

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(h) ***Purchases***

The Issuer, (if applicable) the Guarantor or any of their subsidiaries may at any time purchase Notes (**provided that**, in the case of definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or (if applicable) the Guarantor, surrendered to any Paying Agent for cancellation.

(i) ***Cancellation***

All Notes which are redeemed will forthwith be cancelled (together with (in the case of Bearer Notes) all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and Notes purchased and cancelled pursuant to paragraph (h) above (together with (in the case of Bearer Notes) all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) and cannot be reissued or resold.

(j) ***Late Payment on Zero Coupon Notes***

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders either in accordance with Condition 13 or individually.

7. **Taxation**

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer or (if applicable) under the Guarantee by the Guarantor shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction (as defined below), unless such withholding or deduction is required by law. In such event, the Issuer or (if applicable) the Guarantor, as the case may be, will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (a) in cases in which the Issuer is HCC:

 - (ii) to a Noteholder, Receiptholder or Couponholder (A) who is for Japanese tax purposes treated as an individual non-resident of Japan or a non-Japanese corporation that, in either case, is a person having a special relationship with the Issuer as described in Article 6, Paragraph 4 of the Special Taxation Measures Law and Article 3-2-2, Paragraphs 5 to 7 of the Cabinet Order or (B) who is otherwise subject to such taxes, duties, assessments or governmental charges by reason of being connected with Japan; in all cases other than a connection by the mere holding of such Note, Receipt or Coupon or by the receipt of principal or interest in respect of any Note, Receipt or Coupon;
 - (iii) to a Noteholder, Receiptholder or Couponholder who would otherwise be exempt from any such withholding or deduction but (A) who fails (x) to comply with any applicable requirements to

provide the information prescribed by the Special Taxation Measures Law and the Cabinet Order (the “**Exemption Information**”) to enable a participant of an international clearing organisation or a financial intermediary (the “**Participant**”) to establish that such Noteholder, Receiptholder or Couponholder is exempt from the requirements for taxes to be withheld or deducted to the Participant or (y) to submit a claim for exemption from withholding tax (*hikazei tekiyo shinkokusho*) (a “**Claim for Exemption**”) to the Paying Agent to whom the relevant Note, Receipt or Coupon is presented for payment; or (B) whose Exemption Information is not duly communicated through the Participant or the relevant international clearing organisation to such Paying Agent;

- (iv) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or

where the interest on such Notes issued by HCUK or HCA is attributable to a business in Japan conducted by such Issuer through its permanent establishment in Japan as provided for in the Special Taxation Measures Law, the consequences relating to the Notes issued by HCC in this Condition 7(a) (i) to (iii) are also applicable to the Notes issued by HCUK or HCA; and

- (b) in cases in which the Issuer is HCUK:

- (i) by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes, duties, assessments or governmental charges, in respect of such Note, Receipt or Coupon by reason of his having some connection with the United Kingdom; in all cases other than a connection by the mere holding of such Note, Receipt or Coupon or by the receipt of principal or interest in respect of any Note, Receipt or Coupon;

- (ii) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or

- (ii) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day;

- (iii) on account of any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, duty, assessment or other governmental charge;

- (iv) where the tax, duty, assessment or other governmental charge which is imposed would not have been so imposed but for the failure to comply with certification, identification or other information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of such Note, if such compliance is required by statute or by regulation of the United States as a precondition of relief or exemption from such tax, duty, assessment or other governmental charge;

- (v) where the tax, duty, assessment or other governmental charge is payable otherwise than by withholding from a payment on a Note;
- (vi) where the tax, duty, assessment or other governmental charge is imposed on a Noteholder that actually or constructively owns 10 per cent. or more of the total combined voting power of all classes of stock of HCA entitled to vote, within the meaning of section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended, and any regulations thereunder; or

For the avoidance of doubt, and the purposes of paragraphs (a), (b) and (c) above, no additional amounts will be paid by HCC, HCUK or HCA on account of any deduction or withholding from a payment on, or in respect of, the Notes, Receipts or Coupons where such deduction or withholding is imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended, or any regulations or agreements thereunder, official interpretations thereof, or intergovernmental agreement (including any implementing law, regulation or official guidance) with respect thereto.

8. Prescription

There shall be no prescription period for Talons but there shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

For the purpose of paragraph (c) above, any indebtedness for borrowed money which is in a currency other than U.S. dollars shall be translated at the “spot” rate for the sale of the relevant currency against the purchase of U.S. dollars in London as quoted by a leading bank selected by the Principal Paying Agent for this purpose on the day in London on which such premature repayment becomes due or, as the case may be, such default occurs (or, if for any reason such a rate is not available on that day, on the earliest possible date thereafter).

10. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer and the Principal Paying Agent or the Registrar, as the case may be, may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. The Agents

The names of the initial Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer and (if applicable) the Guarantor are entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, **provided that:**

- (i) there will at all times be a Principal Paying Agent and a Registrar;
- (ii) so long as the Notes are listed on any stock exchange or admitted to trading by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange (or any other relevant authority), save to the extent that such requirement is met by virtue of (i) or (iii); and
- (iii) there will at all times be a Paying Agent with a specified office in a principal financial centre in Europe and a Transfer Agent, save to the extent that such requirement is met by virtue of (i) or (ii).

In addition, the Issuer and (if applicable) the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 5(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 60 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of the Issuer and (if applicable) the Guarantor and will not assume any obligations or relationships of agency or trust to or with the Noteholders, the Receiptholders and the Couponholders, except that (without affecting the obligations of the Issuer or (if applicable) the Guarantor, as the case may be, to the Noteholders, the receiptholders and the Couponholders to repay the Notes and to pay interest thereon) funds received by the Agents for the payment of any sums due in respect of the Notes shall be held by them on behalf of the Noteholders, the Receiptholders and the Couponholders until the expiry of the relevant period of prescription under Condition 8. The Agency Agreement contains provisions for the indemnification of the Agents and for their relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and (if applicable) the Guarantor without being liable to account to the Noteholders, the Receiptholders or the Couponholders for any resulting profit.

12. Exchange of Talons

On and after the Interest Payment Date, as appropriate, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Bearer Note to which it appertains) a further Talon, subject to the provisions of Condition 8. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

13. Notices

All notices regarding the Bearer Notes shall be valid if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. Any such notice will be deemed to have been given on the first date on which publication shall have been made in such newspaper.

All notices regarding the Registered Notes will be deemed to be validly given if sent by (first class) mail or (if posted to an address overseas) by airmail to the holders (or, in the case of a joint holding, the first named thereof) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing.

In addition, for so long as any Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, the Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of that competent authority or stock exchange on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of publication or, if published more than once or if required to be published in more than one newspaper, on the date of the first publication in all the required newspapers.

Until such time as any definitive Notes are issued, so long as the global Note(s) is or are held in its or their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg **provided that**, for so long as such Notes are admitted to trading on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or other relevant authority. Such a meeting may be convened by the Issuer, (if applicable) the Guarantor or by Noteholders holding not less than 10 per cent. in nominal amount of the Notes of any Series for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (as applicable) (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons (as applicable)) or certain of the provisions of the Agency Agreement, the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The Principal Paying Agent and/or the Registrar, the Issuer and (if applicable) the Guarantor may agree, without the consent of the Noteholders, Receiptholders or Couponholders (as applicable), to:

- (i) any modification (except such modifications in respect of which an increased quorum is required as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons (as applicable) or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders (as applicable) and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as is practicable thereafter.

15. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single series with the outstanding Notes.

16. **Contracts (Rights of Third Parties) Act 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. **Governing Law and Submission to Jurisdiction**

(b) ***Submission to jurisdiction***

HCC, HCA and (where applicable) the Guarantor irrevocably agree, for the benefit of the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and/or the Coupons) and accordingly submit to the exclusive jurisdiction of the English courts.

HCC, HCA and (where applicable) the Guarantor waive any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders, may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Notes, the Receipts and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons), against HCC, HCA and (where applicable) the Guarantor in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

(d) ***Other documents and the Guarantor***

HCC, HCA and (where applicable) the Guarantor have in the Agency Agreement, the Guarantee and the Deed of Covenant, and with regard to any non-contractual obligations arising out of or in connection with them, submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

If the applicable Final Terms provide that the relevant Notes are Index Linked Notes, the terms and conditions applicable to Index Linked Notes are the Conditions, including the terms and conditions for Index Linked Notes set out in these Additional Conditions (the “**Index Linked Conditions**”), as completed by the applicable Final Terms. In the event of any inconsistency between the Conditions and the Index Linked Conditions, the Index Linked Conditions shall prevail.

1.2 **Definitions**

For the purposes of these Index Linked Conditions:

“**Barrier Event (closing)**” shall be deemed to have occurred if:

- (a) where the Index Linked Notes relate to a single Index, the Calculation Agent determines in its sole and absolute discretion that the Index Level of the Index as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the applicable Final Terms, the corresponding Barrier Level for the Index on such Barrier Event Determination Day.
- (b) where the Index Linked Notes relate to a Basket of Indices, the Calculation Agent determines in its sole and absolute discretion that the Index Level of at least one of the Indices as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the applicable Final Terms, the corresponding Barrier Level for such Index on such Barrier Event Determination Day.

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in these Index Linked Conditions shall be amended such that (i) all references to “**during the one hour period that ends at the relevant Valuation Time**” shall be deleted, and (ii) if Early Closure is specified to apply in the applicable Final Terms, in the definition of “**Early Closure**” appearing in these Index Linked Conditions, each reference to “**Valuation Time**” and “**Scheduled Closing Time**” shall be construed as a reference to “**Barrier Event Valuation Time (intraday)**”.

“**Barrier Event Determination Day**” means, in respect of each Index and each Observation Period:

- (a) if the applicable Final Terms provide that the Barrier Event (intraday) provisions shall apply, either:
 - (i) each day on which the level of such Index is published and/or disseminated by the Index Sponsor during such Observation Period that is not a Disrupted Day; or
 - (ii) each day on which the level of such Index is published and/or disseminated by the Index Sponsor during such Observation Period, regardless of whether or not such day is a Disrupted Day for such Index (and if the Calculation Agent in its sole and absolute discretion determines that a Market Disruption Event is occurring at any time on any Barrier Event Determination Day, it shall disregard the period during which it determines in its sole and absolute discretion that such Market Disruption Event has occurred and is continuing for the purposes of determining whether or not a Barrier Event (intraday) has occurred),

as specified in the applicable Final Terms; or
- (b) if the applicable Final Terms provide that the Barrier Event (closing) provisions shall apply, each Scheduled Trading Day for such Index during such Observation Period that is not a Disrupted Day for such Index.

- (b) in relation to an Index which is specified in the applicable Final Terms as being a Multi-Exchange Index, (i) for the purposes of determining whether a Market Disruption Event has occurred: (x) in respect of any Component Security, the Scheduled Closing Time on the relevant Exchange and (y) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor.

(III)

- (a) where the Index Linked Notes relate to a single Index, such date as is specified in the applicable Final Terms, **provided that**, if the Base Price Fixing Date is a Disrupted Day, the Base Price shall be such level of the Index as of the Valuation Time on the Base Price Fixing Date as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of an event giving rise to a Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Base Price Fixing Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Base Price Fixing Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Base Price Fixing Date); or

For the purposes of determining whether a Market Disruption Event in respect of a Unitary Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security included in the Index at any time, then the relevant percentage contribution of such Component Security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to such Component Security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event; or
- (b) in respect of any Multi-Exchange Index, either:

The Calculation Agent shall as soon as reasonably practicable under the circumstances, notify the Issuer and the Agent of the occurrence of a Share Disrupted Day on any day that but for the occurrence of a Share Disrupted Day would have been the Valuation Date or any other date as is specified in the Final Terms to be applicable, provided that failure by the Calculation Agent to notify the parties of the

occurrence of a Share Disrupted Day shall not affect the validity of the occurrence and effect of such Share Disrupted Day.

“Share Disruption Event” means, in relation to each relevant Component Security, the occurrence or existence of (i) a Share Trading Disruption, (ii) a Share Exchange Disruption or (iii) a Share Early Closure, as determined by the Calculation Agent in its sole and absolute discretion, if, in any such case, that Share Trading Disruption, Share Exchange Disruption or Share Early Closure is, in the determination of the Calculation Agent, material.

“Valuation Date” means each Valuation Date specified in the applicable Final Terms or if such date is not a Scheduled Trading Day or is a Disrupted Day, then:

- (a) where the Index Linked Notes relate to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled

Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine in its sole and absolute discretion the relevant level or price of the Index using the level of the Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Share Disrupted Day has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date); or

In that case, (x) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for the Affected Index (notwithstanding the fact that such day is a Disrupted Day) and (y) the Calculation Agent shall determine in its sole and absolute discretion the relevant level or price using, in relation to the Affected Index, the level of that Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Share Disrupted Day in relation to a share) has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date); or
- (ii) the Valuation Date shall be the first succeeding Common Scheduled Trading Day that is not a Disrupted Day with respect to all Indices, unless there is no such Common Scheduled Trading Day that is not a Disrupted Day on or prior to the Valuation Cut-Off Date. In that case, (x) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for all Indices (notwithstanding the fact that such day is a Disrupted Day for any of the Index) and (y) the Calculation Agent shall determine in its sole and absolute discretion the relevant level or price of the Index affected by the occurrence of the relevant Disrupted Day (the “**Affected Index**”) using the level of that Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with the formula for and method of calculating the Affected Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in the Affected Index (or, if an event giving rise to a Share Disrupted Day has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date).

- (b) in respect of any Multi-Exchange Index, (i) for the purposes of determining whether an Early Closure, an Exchange Disruption or a Trading Disruption has occurred in respect of (I) any Component Security, the Scheduled Closing Time on the Exchange in respect of such Component

Security (**provided that**, if the relevant Exchange closes prior to its Scheduled Closing Time, then the Valuation Time shall be such actual closing time), and (II) any options contracts or futures contracts on the Index, the close of trading on the Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor.

1.4 ***Index Linked Redemption***

(a) *Index Linked Automatic Early Redemption*

If the applicable Final Terms provide that Index Linked Automatic Early Redemption is applicable, it shall constitute an Automatic Early Redemption Event if the Calculation Agent determines that, as of any Automatic Early Redemption Valuation Date, either of the following events has occurred:

- (i) where the Index Linked Notes relate to a single Index, the Index Final of the Index is (x) equal to or higher than or (y) higher than, as specified in the applicable Final Terms, the Knock-out Price; or
- (ii) where the Index Linked Notes relate to a Basket of Indices, the Index Final of each Index of the Basket is (x) equal to or higher than or (y) higher than, as specified in the applicable Final Terms, the respective Knock-out Price,

and the Issuer shall redeem the Notes in whole or in part in an amount per Calculation Amount equal to the Automatic Early Redemption Amount on the relevant Automatic Early Redemption Date.

If the applicable Final Terms provide that the Notes are the Index Linked Redemption Notes, the Notes shall be redeemed in accordance with the applicable Index Linked Redemption Formula specified in the applicable Final Terms.

Where the Index Linked Notes relate to a single Index, the Index Linked Redemption Formula is one of the items (I) through (IV) below as specified in the applicable Final Terms.

- (ii) otherwise, the Index Linked Redemption Amount per Calculation Amount shall be calculated in accordance with the following formula:

Calculation Amount x (Final Index Final /Strike Price).

(II) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

Calculation Amount x (Final Index Final /Strike Price).

(III) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

- (i) if the Final Index Final is (x) equal to or higher than or (y) higher than, as specified in the applicable Final Terms, the Base Price, the Index Linked Redemption Amount per Calculation Amount shall be the Calculation Amount;
- (ii) if the Final Index Final is (x) lower than or (y) equal to or lower than, as specified in the applicable Final Terms, the Base Price, the Index Linked Redemption Amount per Calculation Amount shall be calculated in accordance with the following formula:

Calculation Amount x (Final Index Final /Strike Price).

(IV) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

- (i) if the Barrier Event has not occurred, the Index Linked Redemption Amount per Calculation Amount shall be the Calculation Amount;

- (iii) if the Barrier Event has occurred and the Final Index Final is (x) lower than or (y) equal to or lower than, as specified in the Final Terms, the Base Price, the Index Linked Redemption Amount per Calculation Amount shall be calculated in accordance with the following formula:

Calculation Amount x (Final Index Final /Strike Price).

Where the Index Linked Notes relate to a Basket of Indices, the Index Linked Redemption Formula is one of the items (I) through (IV) below as specified in the Final Terms.

(I) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

- (i) if the Barrier Event has not occurred, the Index Linked Redemption Amount per Calculation Amount shall be the Calculation Amount;

- (II) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following formula:

Calculation Amount x (Final Index Final of Reference Index /Strike Price of Reference Index).

- (III) The Index Linked Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

- (i) if the Final Index Final of each Index is (x) equal to or higher than or (y) higher than, as specified in the applicable Final Terms, the respective Base Price, the Index Linked Redemption Amount per Calculation Amount shall be the Calculation Amount;

Calculation Amount x (Final Index Final of Reference Index /Strike Price of Reference Index).

1.5 **Correction of the Index**

In the event that the level of the Index published by the Index Sponsor and which is utilised for the calculation of the Index Final or the determination of the occurrence of a Barrier Event or an Automatic Early Redemption Event, is corrected or subsequently corrected and the correction is published by the Index Sponsor as a replacement to the level of the Index on the original date of publication or, if specified in the applicable Final Terms, on any date thereafter until the Correction Publication Cut-Off Date, then the Calculation Agent shall use such corrected level of the Index instead of the level of the Index that was originally published.

1.6 **Discontinuance of the Index/Alteration of Method of Calculation**

If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (such successor sponsor will be deemed to be the Index Sponsor) acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then in each case that index (the “**Successor Index**”) will be deemed to be the Index.

If (a) on or prior to the Base Price Fixing Date, any Valuation Date or any Scheduled Trading Day during the Observation Period, the Index Sponsor (or its successor) announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events) (an “**Index Modification**”) or permanently cancels the Index and no Successor Index exists (an “**Index Cancellation**”) or (b) on the Base Price Fixing Date, any Valuation Date or any Scheduled Trading Day during the Observation Period, the Index Sponsor or a successor sponsor fails to calculate and announce the Index (an “**Index Disruption**” and together with an Index Modification and an Index Cancellation, each an “**Index Adjustment Event**”), then:

- (i) the Calculation Agent shall determine if any such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the level of the Index, using, in lieu of a published level for the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change, failure or cancellation but using only those securities that comprised the Index immediately prior to such Index Adjustment Event, or
- (ii) if the Calculation Agent determines, in its reasonable commercial discretion, that the application of the preceding paragraph would not achieve a commercially reasonable result, the Calculation Agent may determine that the Notes shall be redeemed, in which event the Issuer will, on giving not less than 3 nor more than 20 Business Days’ notice to Holders of Notes in accordance with Condition 13 (*Notices*), redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of the Note taking into account the Index Adjustment Event, less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements (including, without limitation, any equity options hedging the Issuer’s obligations under the Notes), all as determined by the Calculation Agent in its sole discretion. Payments will be made in such manner as shall be notified to Holders of Notes in accordance with Condition 13 (*Notices*).

1.7 ***Additional Disruption Events***

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) redeem the Notes by giving notice to the Holders of Notes in accordance with Condition 13 (*Notices*). If the Notes are so redeemed the Issuer will pay an amount to each Holder in respect of each Note held by him which amount shall be the fair market value of the Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders of Notes in accordance with Condition 13 (*Notices*).
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 13 (*Notices*) stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

1.8 ***Calculations Binding***

The Calculation Agent has been appointed as such in order to determine in its sole discretion the calculations with respect to certain amounts payable under the Notes and the determination with respect to certain events as more fully specified herein in accordance with the calculation agency agreement entered into between the Issuer and the Calculation Agent which constitutes the “**Calculation Agency Agreement**”. All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the determinations by the Calculation Agent shall, in the absence of manifest error, be binding on the Issuer, the Principal Paying Agent, the Registrar, the other Paying Agents and the Holders and (in the absence as aforesaid) no liability to the Issuer or the Holders shall attach to the Calculation Agent in connection with the exercise by it of its powers, duties and discretion pursuant to the

provisions therein. Any notice to be given by the Calculation Agent shall be deemed to have been given if given in accordance with the Calculation Agency Agreement. The Calculation Agent shall notify the Principal Paying Agent or the Registrar, as the case may be, the Issuer and (if applicable) the Guarantor of the results of all calculations and determinations conducted or made pursuant to the provisions in these Index Linked Conditions as soon as practicably possible. The Principal Paying Agent or the Registrar, as the case may be, shall give notice to the Holders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

Failure by the Calculation Agent to notify the parties of the occurrence of certain events shall not affect the validity of the occurrence and effect of such determination.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by each Issuer for the general corporate purposes of the Issuer which include making a profit. If, in respect of any particular issue of Notes which are derivative securities for the purposes of Article 15 of the Commission Regulation No. 809/2004 implementing the Prospectus Directive, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

3. **Guarantor as Principal Debtor:** Without affecting the Issuer’s obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which but for this provision might operate to affect its liability (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to any Note, any Coupon or the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Note, any Coupon, the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity,

(f) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Note, any Coupon or the Deed of Covenant or any of the Issuer's obligations under any of them).

4. **Guarantor's Obligations Continuing:** The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains, or is capable of remaining, payable under any Note, any Coupon or the Deed of Covenant. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Beneficiary, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.
5. **Repayment to the Issuer:** If any payment received by a Beneficiary is, on the subsequent liquidation or insolvency of the Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the Issuer.
6. **Indemnity:** As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum expressed to be payable by the Issuer under any Note, any Coupon or the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the Issuer, the Guarantor or any Beneficiary) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Beneficiary on demand. This indemnity constitutes a separate and independent cause of action and will apply irrespective of any indulgence granted by any Beneficiary.
7. **Status of Guarantee:** The obligations of the Guarantor under this Guarantee constitute (subject to Clause 8 below) direct, unconditional and unsecured obligations of the Guarantor and shall at all times rank *pari passu* and without any preference among themselves and (with the exception of obligations in respect of national and local taxes and certain other statutory exceptions and subject as aforesaid) equally with all its other unsecured obligations (other than subordinated obligations, if any) from time to time outstanding.
8. **Negative Pledge:** So long as any of the Notes remains outstanding (as defined in the Agency Agreement) or any sum remains payable under the Deed of Covenant the Guarantor will not create or permit to subsist any mortgage, charge, pledge or other security interest for the benefit of the holders of any External Indebtedness upon the whole or any part of its undertaking, assets or revenues, present or future, to secure any External Indebtedness issued by it, without at the same time according to the Notes either the same security as is granted to or is outstanding in respect of such External Indebtedness or such other security or guarantee as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

For the purposes of this Clause 8, "**External Indebtedness**" means any indebtedness in the form of or represented by bonds, notes, debentures or other securities which:

- (a) either:
 - (i) are denominated or payable in, or by reference to, or may at the option of the person entitled thereto be or become payable in, or by reference to, a currency or currencies other than Yen; or
 - (ii) are denominated or payable in Yen and more than 50 per cent. of the aggregate principal or face amount of which is initially distributed by or with the authorisation of the Guarantor outside Japan; and
 - (b) are not repayable (otherwise than at the option, or due to default, of the Guarantor) within three years from the date of their issue; and
 - (c) are, or are capable of being, quoted, listed or ordinarily traded on any stock exchange or on any over-the-counter securities market outside Japan.
9. **Withholding or deduction:** All payments under this Guarantee by the Guarantor shall be made free and clear of, and without withholding or deduction for, or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the United Kingdom, Japan or any political subdivision or any authority of either jurisdiction thereof or therein having

power to tax, unless such withholding or deduction is required by law. In such event, the Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by a Beneficiary after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction, except that no such additional amounts shall be payable:

- (a) in circumstances where any interest on the Notes is attributable to a business in Japan conducted by the Issuer through its permanent establishment in Japan as provided for in the Special Taxation Measures Law of Japan (Law No. 26 of 1957, as amended) (the “**Special Taxation Measures Law**”), to a Beneficiary who is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Japanese financial institution falling under certain categories prescribed by the Special Taxation Measures Law and the Order for Enforcement of the Special Taxation Measures Law of Japan (Cabinet Order No. 43 of 1957, as amended) (the “**Cabinet Order**”) who complies with the requirement to provide the Exemption Information (as defined below) or to submit a Claim for Exemption (as defined below) and (B) an individual resident of Japan or a Japanese corporation who duly notifies (directly or through the Participant or otherwise) the relevant Paying Agent or the Issuer of its status as exempt from taxes to be withheld or deducted by the Issuer by reason of such resident of Japan or Japanese corporation receiving interest in respect of the relevant Note, Receipt or Coupon through a payment handling agent in Japan appointed by it);
 - (b) in such circumstances as described in subclause 9(a) above, to a Beneficiary who is for Japanese tax purposes treated as a non-resident of Japan or a non-Japanese corporation that, in either case, is a person having a special relationship with the Issuer as described in Article 6, Paragraph 4 of the Special Taxation Measures Law and Article 3-2-2, Paragraphs 5 to 7 of the Cabinet Order or who is otherwise subject to such taxes, duties, assessments or governmental charges by reason of being connected with Japan, other than a connection by the mere holding of a Note, Receipt or Coupon or the mere crediting of Underlying Notes (as defined in the Deed of Covenant) to the Beneficiary’s securities account with the Relevant Clearing System (as so defined);
 - (c) in such circumstances as described in subclause 9(a) above, to a Beneficiary who would otherwise be exempt from any such withholding or deduction but (i) who fails (x) to comply with any applicable requirement to provide the information prescribed by the Special Taxation Measures Law and the Cabinet Order (the “**Exemption Information**”) to enable a participant of an international clearing organisation or a financial intermediary (the “**Participant**”) to establish that such Beneficiary is exempt from the requirements for taxes to be withheld or deducted to the Participant or (y) to submit a claim for exemption from withholding tax (*hikazei tekiyou shinkokusho*) (a “**Claim for Exemption**”) to the Paying Agents (as defined in the Agency Agreement); or (ii) whose Exemption Information is not duly communicated through the Participant or the relevant international clearing organisation to the Paying Agents; or
 - (d) more than 30 days after the Relevant Date (as defined in Condition 7 of the Conditions) except to the extent that the Beneficiary thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day.
10. **Power to execute:** The Guarantor hereby warrants, represents and covenants with each Beneficiary that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.
11. **Deposit of Guarantee:** This Guarantee shall take effect as a Deed Poll for the benefit of the Beneficiaries from time to time and for the time being. This Guarantee shall be deposited with and held by HSBC Bank plc as Principal Paying Agent until all the obligations of the Guarantor have been discharged in full.
12. **Production of Guarantee:** The Guarantor hereby acknowledges the right of every Beneficiary to the production of, and the right of every Beneficiary to obtain a copy (free of charge) of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Beneficiary, and that each Beneficiary shall be entitled severally to enforce the said obligations against the Guarantor.
13. **Subrogation:** Until all amounts which may be payable under the Notes, the Coupons and/or the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Beneficiary or claim in competition with the Beneficiaries against the Issuer.

14. **Governing Law and Jurisdiction:** This Guarantee and any non-contractual obligations arising out of or in connection with this Guarantee shall be governed by, and construed in accordance with, English law. The Guarantor irrevocably agrees for the benefit of each Beneficiary that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee (including a dispute relating to any non-contractual obligations arising out of or in connection with this Guarantee) and that accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with this Guarantee (including any Proceedings relating to any non-contractual obligations arising out of or in connection with this Guarantee) may be brought in the courts of England.

The Guarantor irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any Proceedings in the courts of England, irrevocably agrees that a final judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon the Guarantor and irrevocably waives any objection to the enforcement of that judgment in the courts of any other jurisdiction. Nothing contained in this Clause shall limit any right to take Proceedings against the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Guarantor has appointed the Issuer at its registered office for the time being in England (being at the date of execution hereof Hitachi Capital House, Thorpe Road, Staines-upon-Thames, Surrey TW18 3HP (attention: Legal Department)) as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose.

The following is the form of Guarantee given by the Guarantor in respect of Notes issued by Hitachi Capital America Corp. under the Programme:

THIS DEED OF GUARANTEE is made on 8 August 2018 by Hitachi Capital Corporation (the “**Guarantor**”) in favour of the Beneficiaries (as defined in the Deed of Covenant referred to below).

WHEREAS:

- (A) Hitachi Capital America Corp. (the “**Issuer**”) and, *inter alia*, the Guarantor have entered into an Amended and Restated Dealer Agreement (the “**Dealer Agreement**”, which expression includes the same as it may be amended, restated or supplemented from time to time) dated 8 August 2018 with the Dealers named therein under which the Issuer proposes from time to time to issue Euro Notes (the “**Notes**”, such expression to include each Definitive Note issued by the Issuer and each Global Registered Note issued by the Issuer (where “**Definitive Note**” and “**Global Registered Note**” have the meanings ascribed thereto in the Dealer Agreement **provided, however, that** references to “Definitive Notes” herein shall be to Definitive Notes in registered form only) and to include any receipts issued in respect of Notes repayable in instalments).
- (B) The Issuer has executed a Deed of Covenant dated 12 August 2013 (the “**Deed of Covenant**”) relating to the Notes, and constituting the Registered Notes, to be issued by the Issuer pursuant to the Dealer Agreement.
- (C) The Issuer and, *inter alia*, the Guarantor have entered into an Amended and Restated Agency Agreement (the “**Agency Agreement**”, which expression includes the same as it may be amended, restated or supplemented from time to time) dated 8 August 2018 with the agents named therein.
- (D) This Guarantee is intended to replace, in respect of Notes issued on or after the date hereof, the deed of guarantee dated 11 August 2016 (the “**Previous Deed of Guarantee**”) executed by the Guarantor.
- (E) In relation to any Series of Notes, terms defined in the Terms and Conditions of such Notes (the “**Conditions**”, which term shall mean the Conditions set out in the Schedule of Forms relating to the Issuer’s Euro Note Programme as in force on the date of issue of the first Tranche of the relevant Notes (as completed by the applicable Final Terms or as supplemented, amended and/or replaced to the extent described in the applicable Pricing Supplement or Drawdown Prospectus)) and in the Dealer Agreement and not otherwise defined in this Guarantee shall have the same meaning when used in this Guarantee.

NOW THIS DEED WITNESSES as follows:

1. **Replacement of Previous Deed of Guarantee:** Any Notes issued on or after the date of this Guarantee shall have the benefit of this Guarantee but shall not have the benefit of any subsequent guarantee executed by the Guarantor (unless expressly so provided in any such subsequent guarantee). This does not affect any Notes issued prior to the date of this Guarantee or any Notes issued on or after the date of this Guarantee and which are consolidated with, and form a single Series with, the Notes of any Series issued prior to the date of this Guarantee. Subject to such replacement, the Previous Deed of Guarantee shall continue in full force and effect.
2. **Guarantee:** The Guarantor irrevocably and unconditionally guarantees by way of deed poll to each Beneficiary that if for any reason the Issuer does not pay any sum payable by it to such Beneficiary in respect of any Note or under the Deed of Covenant (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Beneficiary on demand the amount (as to which the certificate of such Beneficiary shall in the absence of manifest error be conclusive) payable by the Issuer to such Beneficiary.
3. **Guarantor as Principal Debtor:** Without affecting the Issuer’s obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which but for this provision might operate to affect its liability (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to any Note or the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Note, the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person or (g) the illegality,

invalidity or unenforceability of or any defect in any provision of any Note or the Deed of Covenant or any of the Issuer's obligations under any of them).

4. **Guarantor's Obligations Continuing:** The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains, or is capable of remaining, payable under any Note or the Deed of Covenant. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Beneficiary, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.
5. **Repayment to the Issuer:** If any payment received by a Beneficiary is, on the subsequent liquidation or insolvency of the Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the Issuer.
6. **Indemnity:** As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum expressed to be payable by the Issuer under any Note or the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the Issuer, the Guarantor or any Beneficiary) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Beneficiary on demand. This indemnity constitutes a separate and independent cause of action and will apply irrespective of any indulgence granted by any Beneficiary.
7. **Status of Guarantee:** The obligations of the Guarantor under this Guarantee constitute (subject to Clause 8 below) direct, unconditional and unsecured obligations of the Guarantor and shall at all times rank *pari passu* and without any preference among themselves and (with the exception of obligations in respect of national and local taxes and certain other statutory exceptions and subject as aforesaid) equally with all its other unsecured obligations (other than subordinated obligations, if any) from time to time outstanding.
8. **Negative Pledge:** So long as any of the Notes remains outstanding (as defined in the Agency Agreement) or any sum remains payable under the Deed of Covenant the Guarantor will not create or permit to subsist any mortgage, charge, pledge or other security interest for the benefit of the holders of any External Indebtedness upon the whole or any part of its undertaking, assets or revenues, present or future, to secure any External Indebtedness issued by it, without at the same time according to the Notes either the same security as is granted to or is outstanding in respect of such External Indebtedness or such other security or guarantee as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

For the purposes of this Clause 8, "**External Indebtedness**" means any indebtedness in the form of or represented by bonds, notes, debentures or other securities which:

- (a) either:
 - (i) are denominated or payable in, or by reference to, or may at the option of the person entitled thereto be or become payable in, or by reference to, a currency or currencies other than Yen; or
 - (ii) are denominated or payable in Yen and more than 50 per cent. of the aggregate principal or face amount of which is initially distributed by or with the authorisation of the Guarantor outside Japan; and
 - (b) are not repayable (otherwise than at the option, or due to the default, of the Guarantor) within three years from the date of their issue; and
 - (c) are, or are capable of being, quoted, listed or ordinarily traded on any stock exchange or on any over-the-counter securities market outside Japan.
9. **Withholding or deduction:** All payments under this Guarantee by the Guarantor shall be made free and clear of, and without withholding or deduction for, or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the United States, Japan or any political subdivision or any authority of either jurisdiction thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Guarantor will pay

such additional amounts as shall be necessary in order that the net amounts received by a Beneficiary after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction, except that no such additional amounts shall be payable:

- (a) in circumstances where any interest on the Notes is attributable to a business in Japan conducted by the Issuer through its permanent establishment in Japan as provided for in the Special Taxation Measures Law of Japan (Law No. 26 of 1957, as amended) (the “**Special Taxation Measures Law**”), to a Beneficiary who is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Japanese financial institution falling under certain categories prescribed by the Special Taxation Measures Law and the Order for Enforcement of the Special Taxation Measures Law of Japan (Cabinet Order No. 43 of 1957, as amended) (the “**Cabinet Order**”) who complies with the requirement to provide the Exemption Information (as defined below) or to submit a Claim for Exemption (as defined below) and (B) an individual resident of Japan or a Japanese corporation who duly notifies (directly or through the Participant or otherwise) the relevant Paying Agent or the Issuer of its status as exempt from taxes to be withheld or deducted by the Issuer by reason of such resident of Japan or Japanese corporation receiving interest in respect of the relevant Note, Receipt or Coupon through a payment handling agent in Japan appointed by it);
- (b) in such circumstances as described in subclause 9(a) above, to a Beneficiary who is for Japanese tax purposes treated as a non-resident of Japan or a non-Japanese corporation that, in either case, is a person having a special relationship with the Issuer as described in Article 6, Paragraph 4 of the Special Taxation Measures Law and Article 3-2-2, Paragraphs 5 to 7 of the Cabinet Order or who is otherwise subject to such taxes, duties, assessments or governmental charges by reason of being connected with Japan, other than a connection by the mere holding of a Note or the mere crediting of Underlying Notes (as defined in the Deed of Covenant) to the Beneficiary’s securities account with the Relevant Clearing System (as so defined);
- (c) in such circumstances as described in subclause 9(a) above, to a Beneficiary who would otherwise be exempt from any such withholding or deduction but (i) who fails (x) to comply with any applicable requirement to provide the information prescribed by the Special Taxation Measures Law and the Cabinet Order (the “**Exemption Information**”) to enable a participant of an international clearing organisation or a financial intermediary (the “**Participant**”) to establish that such Beneficiary is exempt from the requirements for taxes to be withheld or deducted to the Participant or (y) to submit a claim for exemption from withholding tax (*hikazei tekiyou shinkokusho*) (a “**Claim for Exemption**”) to the Paying Agents (as defined in the Agency Agreement); or (ii) whose Exemption Information is not duly communicated through the Participant or the relevant international clearing organisation to the Paying Agents;
- (d) more than 30 days after the Relevant Date (as defined in Condition 7 of the Conditions) except to the extent that the Beneficiary thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day;
- (e) on account of any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, duty, assessment or other governmental charge;
- (f) where the tax, duty, assessment or other governmental charge which is imposed would not have been so imposed but for the failure to comply with certification, identification or other information reporting requirements concerning the nationality, residence, identity or connection with the United States of the Beneficiary or beneficial owner of such Note if such compliance is required by statute or by regulation of the United States as a precondition of relief or exemption from such tax, duty, assessment or other governmental charge;
- (g) where the tax, duty, assessment or other governmental charge is payable otherwise than by withholding from a payment on a Note;
- (h) where the tax, duty, assessment or other governmental charge is imposed on a Beneficiary that actually or constructively owns 10 per cent. or more of the total combined voting power of all classes of stock of HCA entitled to vote, within the meaning of section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended, and any regulations thereunder (the “**Code**”); or

- (i) on account of any deduction or withholding from a payment on, or in respect of, the Notes, Receipts or Coupons where such deduction or withholding is imposed pursuant to Sections 1471 through 1474 of the Code, or any regulations or agreements thereunder, official interpretations thereof, or intergovernmental agreement (including any implementing law, regulation or official guidance) with respect thereto;
- (j) any combination of items (a), (b), (c), (d), (e), (f), (g), (h) or (i),

nor shall additional amounts be paid to any Beneficiary who is a fiduciary or partnership or other than the sole beneficial owner of the Note, if any, to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner of the Note, if any, would not have been entitled to payment of the additional amounts had such beneficiary, settlor, member or beneficial owner been the Beneficiary, if any.

- 10. **Power to execute:** The Guarantor hereby warrants, represents and covenants with each Beneficiary that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.
- 11. **Deposit of Guarantee:** This Guarantee shall take effect as a Deed Poll for the benefit of the Beneficiaries from time to time and for the time being. This Guarantee shall be deposited with and held by HSBC Bank plc as Principal Paying Agent until all the obligations of the Guarantor have been discharged in full.
- 12. **Production of Guarantee:** The Guarantor hereby acknowledges the right of every Beneficiary to the production of, and the right of every Beneficiary to obtain a copy (free of charge) of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Beneficiary, and that each Beneficiary shall be entitled severally to enforce the said obligations against the Guarantor.
- 13. **Subrogation:** Until all amounts which may be payable under the Notes and/or the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Beneficiary or claim in competition with the Beneficiaries against the Issuer.
- 14. **Governing Law and Jurisdiction:** This Guarantee and any non-contractual obligations arising out of or in connection with this Guarantee shall be governed by, and construed in accordance with, English law. The Guarantor irrevocably agrees for the benefit of each Beneficiary that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee (including a dispute relating to any non-contractual obligations arising out of or in connection with this Guarantee) and that accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with this Guarantee (including any Proceedings relating to any non-contractual obligations arising out of or in connection with this Guarantee) may be brought in the courts of England.

The Guarantor irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any Proceedings in the courts of England, irrevocably agrees that a final judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon the Guarantor and irrevocably waives any objection to the enforcement of that judgment in the courts of any other jurisdiction. Nothing contained in this Clause shall limit any right to take Proceedings against the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Guarantor has appointed Hitachi Capital (UK) PLC at its registered office for the time being in England (being at the date of execution hereof Hitachi Capital House, Thorpe Road, Staines-upon-Thames, Surrey TW18 3HP (attention: Legal Department)) as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose.

DESCRIPTION OF HITACHI CAPITAL CORPORATION

General

HCC is a leasing and consumer credit company that was originally established by Hitachi, Ltd. to provide consumer finance support to sales of Hitachi, Ltd.'s products. Since its formation in 1960, HCC has diversified its activities, developing substantial consumer finance, leasing and other financial services businesses. On 1 October 2000, HCC merged with Hitachi Leasing Limited and changed its name from Hitachi Credit Corporation to Hitachi Capital Corporation. HCC is an important financial partner of the Hitachi group, a group which consists of Hitachi, Ltd. and approximately 1,280 of its subsidiaries and affiliates (the “**Hitachi, Ltd. Group**”) and is one of the major enterprise groups in Japan.

In May 2016, HCC announced capital and business alliances that included (i) business alliances to be implemented (a) between HCC and Mitsubishi UFJ Lease & Finance Company Limited (“**MUL**”) and (b) among Hitachi, Ltd., HCC, Mitsubishi UFJ Financial Group, Inc. (“**MUFG**”), MUFG Bank, Ltd. (“**MUFG Bank**”, formerly The Bank of Tokyo-Mitsubishi UFJ, Ltd.) and MUL, and (ii) the intention for Hitachi, Ltd. to sell a significant portion of HCC's shares to MUFG and its group companies. In August 2016, HCC and MUL entered into a definitive agreement on the business alliance to expand the business domains of both companies and strengthen their financial services functions including their ability to provide solutions by integrating the strengths and know-how of HCC, a manufacturer affiliated leasing company, and MUL, a financial institution and trading company affiliated leasing company. In addition, also in August 2016, an agreement on the business alliance among Hitachi, Ltd., HCC, MUFG, MUFG Bank and MUL was executed for establishing an open financial platform, with the aim of providing financial support for export of the Japanese infrastructure industry from early stages of infrastructure projects. In October 2016, the transfer of HCC's shares from Hitachi, Ltd. to MUFG and MUL was effected and, as a result, HCC became an affiliate accounted for by the equity method of each of Hitachi, Ltd. and MUFG.

HCC's registered head office is at 3-1, Nishi Shimbashi 1-chome, Minato-ku, Tokyo 105-0003, telephone number +81 3 3503 2111 and its company registration number is 0104-01-024970.

HCC's shares are listed on the First Section of the Tokyo Stock Exchange.

HCC's activities can be categorised into six business segments: “account solution” and “vendor solution” for the businesses in Japan, and “Europe”, “the Americas”, “China” and “ASEAN” for the global businesses. HCC's domestic business is conducted through its headquarter in Tokyo together with its five business divisions. Outside of Japan, HCC has its subsidiaries located in the United Kingdom, Poland, the Netherlands, the United States, Canada, Hong Kong, Singapore, Thailand, China, Malaysia and Indonesia.

Total Revenues of the Group

The following table sets forth the total revenues of the Group for the period indicated:

Businesses of HCC

As a manufacturer affiliated financial services company, HCC has consistently pursued a policy of a distinct emphasis on the products it has financed over its history of more than 50 years. The products HCC has financed have gradually expanded from the original range of household appliances to automobiles, information equipment, industrial machinery, medical devices, agricultural equipment and housing. HCC's conception of products has expanded to include those things that contribute to healthy economic activity. In addition, HCC has expanded into areas used in corporate finance, such as discounting of receivables. The one strength that has differentiated HCC from competitors has been its ability to capitalise on its extensive experience and knowledge of such areas and products to provide seamless services that range from leases, loans and other financial services to function-oriented services. These services are based on a new perspective of a greater need for utility value in a product as a service. This fits with the recent shift from industrial economy to a knowledge based economy in Japan and includes services such as asset management, securitisation, sale of lease matured assets, credit guarantees, receivables collection, trust services, and tax representation which save customers' time and resources.

Business Overview

During the year ended 31 March 2018, the Group's businesses in Japan ("**Japan Business**") promoted the expansion and development of its focused sectors consisting of growing sectors (social infrastructure, eco and energy related, vehicle and local governments/public) and start-up (green shoots) sectors (food, security, and BPO (business process outsourcing)). In the social infrastructure sector, HCC consolidated the front function of its real estate lease business into Hitachi Capital Community Corporation in October 2017 and established a system to provide real estate solutions, including real estate leasing and facility development, operation and management. In the eco and energy related sector, HCC aims to contribute to realise a low-carbon society by providing energy solutions, including the launch of wind power generation plants with a total generation capacity of 41.6MW in Yokohama-machi, Aomori Prefecture, Japan in February 2018 and in Minamisoma City, Fukushima Prefecture, Japan in March 2018. HCC is promoting structural reform in its fundamental/restructuring sectors (vendor solution, healthcare and agriculture), and in October 2017, HCC consolidated the front function of its vendor solution business into Hitachi Capital NBL Corporation. In the future, HCC will integrate core systems and aim to enhance the competitiveness of its vendor solution business by improving its service quality. In addition, HCC launched a fully fledged "working method transformation" project in April 2017 and has been working on structural reform of its operations and advancing IT utilisation, with an aim to ensure growth of both the company and its employees through productivity improvement and effective time management.

In the Group's global businesses ("**Global Business**"), the U.K. government sent formal notice of its intention to withdraw from the EU in March 2017, but it had little impact on the business environment of the Group's Europe business, and its U.K. business has grown steadily. In addition, HCC established a new sales office in the Netherlands in September 2017 aiming for a stable growth in continental Europe, and made Lease Visie B.V. in the Netherlands its subsidiary in November 2017 as a part of a strategy to strengthen its vehicle solution business. In February 2018, HCC also made Planet Car Lease Polska Sp. z o.o. its subsidiary to strengthen the vehicle solution business in Poland. In China, with an aim to enable flexible funding, investments in infrastructure projects and further enhancement of financial arrangements in the Chinese market, HCC conducted a structural reorganisation to make its Hong Kong subsidiary Hitachi Capital Management (China) Ltd. an intermediate holding company in November 2017 and, issued the first foreign currency denominated green bonds in Asia as a Japanese-affiliated company in December 2017.

Under the business alliance agreement with HCC, Hitachi, Ltd., MUFG, MUFG Bank and MUL, Japan Infrastructure Initiative Company Limited ("**JII**") started operations in April 2017 and has promoted an open financial platform. As a result of such efforts, JII made an investment, in September 2017, in High Speed 1 of the high-speed rail in the U.K. (operation and maintenance of 109-kilometer high-speed railway connecting St Pancras International Station in London and the Channel Tunnel, and four stations along the route), and in April 2018, JII entered into an investment agreement for the Japan-Guam-Australia optical submarine cable project.

As a result, consolidated volume of business for the year ended 31 March 2018 increased as each area of Global Business showed solid performance mainly in Europe, despite a decrease in Japan Business due to the closing of the factoring business.

Consolidated revenues increased by 9.0 per cent. from the previous fiscal year to ¥404,124 million and consolidated gross profit increased by 4.7 per cent. from the previous fiscal year to ¥131,698 million due to mostly solid performance in each area of Global Business in addition to solid performance of Japan Business with an increase in social infrastructure (real estate lease). However, consolidated income before income taxes decreased by 3.8 per cent. from the previous fiscal year to ¥44,295 million and consolidated net income attributable to owners of the parent decreased by 2.6 per cent. from the previous fiscal year to ¥32,057 million due to investments made for future growth.

DESCRIPTION OF HITACHI CAPITAL AMERICA CORP.

General

HCA was incorporated in October 1989 as a perpetual corporation (file no. 2211234) under the laws of the State of Delaware. HCC owns all of the outstanding stock of HCA. HCA's registered office is 800 Connecticut Avenue, Norwalk, Connecticut 06854, and its telephone number is +1 203 956 3000.

HCA established HCCC, its only direct wholly owned subsidiary, in October 2012. In May 2014, HCCC acquired CLE, a Canadian company, and CLE became a wholly owned subsidiary of HCCC. HCA, HCCC and CLE are together referred to as the HCA Group.

The HCA Group consists of a group of diversified financial services companies providing secured financings to U.S. affiliates of Hitachi, Ltd., their customers, and other commercial market segments in the United States and Canada. The HCA Group's business lines can broadly be defined as either "**Small Company Financing**" (as described below) or "**Large Company Financing**" (as described below) for customers in the U.S. and Canada.

Under Small Company Financing, the HCA Group provides financings to smaller, typically non-investment grade rated companies. The HCA Group provides financings to such companies for heavy duty and medium duty trucks, medical equipment, information technology hardware and software, construction machinery, health and beauty equipment, and restaurant equipment. Heavy and medium duty trucks are generally financed through direct manufacturer's programmes or, in the case of portfolio acquisitions, through third party manufacturer's programmes or through manufacturer's dealers on a secured basis. The HCA Group also provides floorplan financing to selected customers within its dealer network with whom the HCA Group has a manufacturer's programme relationship. Medical equipment, and information technology hardware and software are primarily financed to healthcare clients through direct manufacturer and financial intermediaries. Construction machinery, health and beauty equipment, and restaurant equipment are generally financed through direct manufacturer's programmes. In addition, HCA provides "**Small Ticket Supply Chain Financing**", which refers to the purchase of accounts receivables directly from small and medium-sized companies, and providing asset backed loans to small and medium-sized companies. Small Ticket Supply Chain Financing is included in the Small Company Financing business line due to the fact that the transaction size is relatively small and customers are small and medium-sized companies.

Under Large Company Financing, the HCA Group provides financing arrangements for federal and state governments and for large, generally investment grade rated companies or their subsidiaries. Large company financings are originated through (i) direct manufacturer's programmes, (ii) other financial institutions on a wholesale basis or (iii) large, generally investment grade rated companies or their subsidiaries. The types of financing provided to Large Company Financing customers include leases and loans for various types of equipment and contract monetisation of various government receivables. The HCA Group also provides "**Big Ticket Supply Chain Financing**", which refers to the purchase of investment grade rated accounts receivables either directly from investment grade rated companies or from suppliers to investment grade rated companies. Big Ticket Supply Chain Financing is included in the Large Company Financing business line due to the fact that investment grade rated companies, who are the payers under these financing arrangements, enter into direct payment agreements with the HCA Group.

To augment both business lines, the HCA Group also has a well-established syndication function that allows it to temporarily assume greater credit exposure to its customers and then later reduce this exposure by selling a portion of its exposure to other financial institutions. With both Small Company Financing and Large Company Financing, the syndication function allows the HCA Group to better manage the growth of its balance sheet.

Directors

As at the date of this Offering Circular, HCA's Board of Directors is comprised of three members:

Mr Chihiro Shirai	Non-Executive Director	Non-Executive Director of Hitachi Capital Leasing (China) Co., Ltd. Outside corporate auditor of Hitachi Capital NBL Corporation

The business address of the Directors (apart from Mr Shirai) is Hitachi Capital America Corp., 800 Connecticut Avenue, Norwalk, Connecticut 06854. The business address of Mr Shirai is Hitachi Capital Corporation, 3-1, Nishi Shimbashi 1-chome, Minato-ku, Tokyo, 105-0003 Japan.

Conflicts of Interest

There are no potential conflicts of interest between the duties to HCA of the Directors and their private interests and/or other duties.

TAXATION

GENERAL

The discussion of taxation under the headings “*United States*”, “*United Kingdom*” and “*Japan*” in this section is only an indication of certain tax implications under the laws of those jurisdictions as they may affect investors. It applies only to persons who are beneficial owners of Notes and may not apply to certain classes of person (such as dealers). HCC, HCUK and HCA make no representations as to the completeness of the information nor undertake any liability of whatsoever nature for the tax implications for investors. **Potential investors are strongly advised to consult their professional advisers on the tax implications of investing in Notes.**

UNITED STATES

Overview

The following is an overview of certain United States federal income tax consequences of the ownership and disposition of Notes, Receipts, or Coupons by a holder that is not a “**United States Person**” (a “**Non-U.S. Holder**”). A United States Person is a holder or beneficial owner that is for United States federal income tax purposes an individual who is a citizen or resident of the United States, a corporation (or entity treated as a corporation for United States federal tax purposes) created or organised in or under the laws of the United States (any State thereof or the District of Columbia), an estate the income of which is subject to United States federal income taxation regardless of its source or a trust if (a)(i) a U.S. court is able to exercise primary supervision over the trust’s administration and (ii) one or more United States Persons have the authority to control all of the trust’s substantial decisions or (b) such trust has a valid election in place to be treated as a United States Person for United States federal tax purposes. This discussion is based on the Internal Revenue Code of 1986, as amended (the “**Code**”), judicial decisions, published rulings, administrative pronouncements, and existing and proposed U.S. Treasury Regulations (the “**Regulations**”), all as are in effect on the date of this Offering Circular and all of which are subject to change after such date, possibly with retroactive effect. This summary also assumes that the Notes, Receipts and Coupons are held as capital assets, within the meaning of Section 1221 of the Code and are offered, sold and delivered in accordance with the Dealer Agreement and the Schedule of Forms. The information provided below does not purport to be a complete discussion of all aspects of United States federal tax law and practice currently applicable that may be relevant to a particular holder in light of its personal circumstances (including the United States federal income tax consequences of certain conduit financing arrangements) or to holders subject to special treatment under the United States federal tax laws (including certain financial institutions, tax-exempt organisations, persons who have ceased to be United States citizens or to be taxed as resident aliens, or persons that hold the Notes in connection with a United States trade or business as determined under United States federal income tax principles). Moreover, this discussion does not apply to certain Dual Currency Notes. Further, this summary does not address the United States federal income tax consequences applicable to holders of equity interests in a beneficial owner of Notes, Receipts or Coupons. In addition, the discussion is generally limited to the United States federal income tax consequences of initial holders and does not consider holders that are pass-through (including partnerships) or other entities of holders of interest in such entities. If a partnership or other entity or arrangement treated as a partnership for United States federal income tax purposes holds a Note, Receipt or Coupon, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners in a partnership holding Notes, Receipts or Coupons are encouraged to consult their tax advisors.

The Issuer generally intends to treat the Notes issued under the Programme as debt. Certain Notes, however, such as Notes with extremely long maturities, may be treated as equity for United States federal tax purposes.

General

Under present United States federal income tax law and subject to the discussions of backup withholding and foreign account tax compliance below, and assuming that the conditions and requirements set forth in “*Form of the Notes*,” “*Guarantees*” and “*Subscription and Sale*” have been satisfied:

1. United States withholding tax will not apply in cases where the Issuer is HCC or HCUK;
2. In cases where the Issuer is HCA, payments of principal or interest (including any original issue discount) on any Note, Receipt or Coupon by HCA, the Guarantor or the Paying Agent (acting in their capacity as such) to any Non-U.S. Holder will not be subject to withholding of United States federal income tax, **provided that** in the case of amounts treated as interest or original issue discount on a Note (i) the holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of HCA’s shares

entitled to vote within the meaning of section 871(h)(3) of the Code; (ii) the holder is not (a) a bank receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business, or (b) a controlled foreign corporation within the meaning of section 957(a) of the Code that is related, directly or indirectly, to HCA through share ownership; (iii) such interest is not contingent on the HCA's profits, revenues, dividends or changes in the value of its property nor is otherwise described in section 871(h)(4) of the Code; and (iv) the holder provides HCA or its paying agent with an IRS Form W-8BEN, W-8BEN-E (or other appropriate type of IRS Form W-8 or other documentation as permitted by official IRS guidance); and

3. A Non-U.S. Holder of a Note, Receipt, or Coupon will not be subject to United States federal income tax on gain realized on the sale, exchange, retirement or other disposition of a Note, Receipt, or Coupon, unless (i) such holder is an individual who is present in the United States for 183 days or more during the taxable year and certain other requirements are met or (ii) such gain is effectively connected with the conduct of a trade or business of such holder in the United States.

Information Reporting and Backup Withholding

United States information reporting requirements and backup withholding generally will not apply to payments on a Note, Receipt, or Coupon made outside the United States by any Issuer, the Guarantor, or the Paying Agent (acting in their capacity as such) to a Non-U.S. Holder.

Information reporting requirements and backup withholding generally will not apply to any payment on a Note, Receipt, or Coupon made outside the United States by a foreign office of a custodian, nominee, or other agent of the beneficial owner of such Note, Receipt, or Coupon, or to any payment of the proceeds of the sale of a Note, Receipt, or Coupon effected outside the United States by a foreign office of a “**broker**” (as defined in applicable Regulations), **provided that** such custodian, nominee, other agent or broker is not a “**U.S. Controlled Person**”, as defined below. Payment on a Note, Receipt, or Coupon made outside the United States to the beneficial owner thereof by a foreign office of any custodian, nominee, or other agent or on the proceeds of the sale of a Note, Receipt, or Coupon effected outside the United States by a foreign office of any broker that is a U.S. Controlled Person will not be subject to backup withholding, but may be subject to information reporting requirements unless such custodian, nominee, other agent or broker has documentary evidence in its records that the beneficial owner is a Non-U.S. Holder and certain other conditions are met, or the beneficial owner otherwise establishes an exemption. Payment of the proceeds of a sale of a Note, Receipt, or Coupon by the United States office of a broker will be subject to information reporting requirements and backup withholding unless the beneficial owner duly certifies its non-U.S. status under penalties of perjury, or otherwise establishes an exemption.

A U.S. Controlled Person is a person that (i) is a United States Person (including a foreign branch or office of such person); (ii) derives at least 50 per cent. of its gross income from certain periods from the conduct of a trade or business within the United States; (iii) is a controlled foreign corporation for United States federal income tax purposes; or (iv) is a foreign partnership that, at any time during its taxable year, is more than 50 per cent. owned (by income or capital interest) by United States Persons or is engaged in the conduct of a U.S. trade or business.

Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against a holder's United States federal income tax liability. A holder may obtain a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for a refund with the IRS and timely furnishing any required information.

U.S. Foreign Account Tax Compliance Withholding

The Foreign Account Tax Compliance Act (“**FATCA**”) generally imposes a withholding tax of 30 per cent. on U.S.-source interest income (including original issue discount) from, and the gross proceeds from a sale or disposition of, debt obligations paid to a foreign financial institution (an “**FFI**”, as defined under Sections 1471 through 1474 of the Code), unless such FFI enters into and complies with an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding certain U.S. account holders of such institution (which would include certain account holders that are foreign entities with U.S. owners) (making such FFI, a “**Participating FFI**”). In addition, FATCA generally imposes a withholding tax of 30 per cent. on U.S.-source interest income (including original issue discount) from, and the gross proceeds from a disposition of, debt obligations paid to a non-financial foreign entity unless such non-financial foreign entity provides the withholding agent with certain certification or information relating to U.S. ownership of the entity. Under certain circumstances, such foreign persons might be eligible for refunds or credits of such taxes. Pursuant to U.S. Treasury Regulations, these rules currently apply to payments of U.S.-source interest and will apply to the gross proceeds from sales or other dispositions after 31 December 2018.

This withholding tax may be triggered if the relevant Issuer (e.g. HCA), is treated as a United States person for United States federal income tax purposes, and (i) any FFI that is an investor, or through which payment on such Notes is made, is not a Participating FFI, or otherwise exempt from such withholding, or (ii) an investor does not provide necessary information or certifications (generally on IRS Form W-8BEN or W-8BEN-E) as to its status. This withholding tax may also be triggered under future IRS guidance, if (i) the relevant Issuer is a FFI and becomes a Participating FFI, (ii) the relevant Issuer makes a “foreign passthru payment” (a term not yet defined by IRS guidance) and (iii) (a) an investor does not provide information sufficient for the relevant Issuer to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States Account” of such Participating FFI, or (b) any FFI that is an investor, or through which payment on such Notes is made, is not a Participating FFI, or otherwise exempt from such withholding. Withholding tax on “foreign passthru payments” will not apply prior to 1 January 2019 and Notes issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date and/or characterised as equity for U.S. tax purposes. However, if additional notes (as described under “*Terms and Conditions – Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all such Notes, including those Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

A number of jurisdictions (including the United Kingdom and Japan) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a FFI in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

Noteholders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

UNITED KINGDOM

The following applies only to persons who are the absolute beneficial owners of the Notes and is an overview of the Issuers’ understanding of current law and the practice of H.M. Revenue and Customs (“HMRC”) in the United Kingdom (which may be subject to change, sometimes with retrospective effect) relating to the withholding of tax from interest on the Notes issued by HCUK. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the applicable Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. The following is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Some aspects do not apply to certain classes of taxpayer. The following does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or may be unsure as to their tax position should seek their own professional advice. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

A. Payment of Interest on Notes issued by HCUK

Payment of interest on Notes issued by HCUK may be made without deduction of or withholding on account of United Kingdom income tax **provided that** such Notes are and continue to be listed on a “recognised stock exchange” within the meaning of section 1005 of the Income Tax Act 2007 (the “ITA”) or admitted to trading on a multilateral trading facility operated by an EEA-regulated recognised stock exchange within the meaning of section 987 of the ITA. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the Regulated Market of the London Stock Exchange. Provided, therefore, that the Notes issued by HCUK remain so listed, interest on such Notes will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the Notes issued by HCUK may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes is less than 365 days and the Notes do not form part of a

scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes issued by HCUK on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of an applicable double taxation treaty or to the interest being paid in circumstances in which any other exemption may apply.

B. Other Rules Relating to United Kingdom Withholding Tax

Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in A above.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and hence be subject to the United Kingdom withholding tax rules outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may depending on their specific circumstances be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to “interest” in sections A and B mean “interest” as understood in United Kingdom tax law. The statements in sections A and B do not take any account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation (e.g., see Condition 5 of the Notes). Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an issuer and does not consider the tax consequences of any such substitution.

JAPAN

Except in circumstances where any interest on the Notes issued by HCUK or HCA is attributable to a business in Japan conducted by such Issuer through its permanent establishment in Japan as provided for in the Special Taxation Measures Law, the payment of principal of and interest on the Notes issued by such Issuer to a non-resident of Japan or a non-Japanese corporation are, under Japanese tax laws currently in effect, not subject to any Japanese income tax or corporate tax, unless the receipt of the relevant payment is the income of such non-resident of Japan or non-Japanese corporation from sources in Japan. If any interest on the Notes or any excess amount of the redemption price over the issue price of any Notes (the “**Redemption Premium**”) issued by HCUK or HCA is attributable to a business in Japan conducted by such Issuer as aforementioned, the consequences relating to the Notes issued by HCC in the following paragraphs are also applicable to the Notes issued by HCUK or HCA.

Payment of interest on the Notes issued by HCC to an individual resident of Japan or a Japanese corporation (except for (i) a financial institution designed by the Order for Enforcement of the Special Taxation Measures Law of Japan (Cabinet Order No. 43 of 1957, as amended) (the “**Cabinet Order**”) which has complied with the requirements under Article 6 of the Special Taxation Measures Law and (ii) a Japanese public corporation, a Japanese financial institution or a Japanese financial instruments firm as provided in Article 3-3, Paragraph 6 of the Special Taxation Measures Law which receives the interest payments through its payment handling agent in Japan and complies with the requirement for tax exemption under that Paragraph), or to an individual non-resident of Japan or a non-Japanese corporation for Japanese tax purpose (a “**Non-Resident Holder**”) that, in either case, is a person having a special relationship (as described in Article 6, Paragraph 4 of the Special Taxation Measures Law and Article 3-2-2, Paragraphs 5 to 7 of the Cabinet Order) with the Issuer (a “**Specially-Related Person of the Issuer**”) will be subject to Japanese income tax at a rate of 15.315 per cent. (until 31 December 2037, and a rate of 15 per cent. thereafter) of the amount of such interest.

Generally, payment of interest on the Notes issued by HCC outside Japan by HCC or any Paying Agent to a beneficial owner that is a Non-Resident Holder will not be subject to Japanese withholding tax, so long as the beneficial owner has no permanent establishment in Japan and complies with procedures for establishing its status as a Non-Resident Holder in accordance with the requirements of Japanese law. However, such payment of interest will be subject to Japanese withholding tax if:

- (i) the amount of interest on the Notes is calculated or determined on the basis of or by reference to certain indicators including the amount of profit, income, earnings, revenue, assets and distribution of surplus, distribution of profit and other similar distributions of the relevant Issuer or any of its Specially-Related Persons of the Issuer as provided in Article 3-2-2 of the Cabinet Order;
- (ii) the recipient of interest on the Notes is a Specially-Related Person of the Issuer; or
- (iii) the recipient of interest on the Notes has a permanent establishment in Japan and such interest is attributable to a business in Japan conducted by such recipient; **provided, however, that** if such recipient has submitted a claim for exemption from Japanese withholding tax (*hikazei tekiyo shinkokusho*) provided under the Special Taxation Measures Law and such recipient is not a Specially-Related Person of the Issuer, such interest will not be subject to Japanese withholding tax but may be subject to Japanese income tax otherwise than by withholding.

If the recipient of the Redemption Premium, defined in Article 41-13 of the Special Taxation Measures Law, of Notes with Coupons is a Non-Resident Holder with no permanent establishment in Japan that is not a Specially-Related Person of the Issuer, no Japanese income or corporation taxes will be payable with respect to the Redemption Premium. If the receipt of the Redemption Premium is attributable to the business carried on in Japan by a Non-Resident Holder through a permanent establishment maintained by it in Japan and in certain other cases provided by the Cabinet Order, however, the Redemption Premium will be subject to Japanese income or corporation taxes.

Under current Japanese practice, HCC and any Paying Agent may determine their withholding obligations in respect of Notes issued by HCC held through a qualified clearing organisation in reliance on certifications received from such an organisation, and need not obtain certifications from any ultimate beneficial owner of such Notes. As part of the procedures under which such certifications are given, a beneficial owner may be required to establish that it is a Non-Resident Holder and not a Specially-Related Person of the Issuer to the person or entity through which it holds the Notes issued by HCC. A Non-Resident Holder that holds the Notes issued by HCC otherwise than through a qualified clearing organisation may be required to deliver a duly completed claim for exemption from Japanese withholding tax, and to provide documentation concerning its identity, residence and any other required information, to the relevant Paying Agent in order to receive interest from that Paying Agent free of Japanese withholding tax. HCC and the relevant Paying Agent may adopt modified or supplemental certification procedures to the extent necessary to comply with changes in, or as otherwise permitted under, Japanese law or administrative practice.

Gains derived from the sale outside Japan of Notes by a Non-Resident Holder are in general not subject to Japanese income or corporation taxes. Gains derived from the sales in Japan of Notes and redemption premium of zero coupon Notes received by a Non-Resident Holder not having a permanent establishment in Japan are in general not subject to Japanese income or corporation taxes.

Japanese inheritance and gift taxes at progressive rates may be payable by an individual, wherever resident, who has acquired Notes issued by HCC as legatee, heir or donee.

No stamp, issue, registration or similar taxes or duties will, under present Japanese law, be payable by Noteholders in connection with the issue of the Notes assuming that none of the certificates representing or evidencing the Notes will be delivered in Japan and the contracts are executed and delivered outside Japan.

TAIWAN

The following summary of certain taxation provisions under Taiwan law is based on current law and practice and assumes that the Notes will be issued, offered, sold or re-sold, directly or indirectly, to professional investors as defined under Paragraph 1 of Article 2-1 of the TPEX Rules only. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Notes.

Interest on the Notes

As none of the Issuers are Taiwanese statutory tax withholders, there is no Taiwanese withholding tax on the interest or deemed interest to be paid by any of the Issuers on the Notes.

Payments of interest or deemed interest under the Notes to a Taiwanese individual holder are not subject to Taiwan income tax as such payments received by him/her are not considered to be Taiwan-sourced income. However, such holder must include the interest or deemed interest in calculating his/her basic income for the purpose of calculating his/her alternative minimum tax (“AMT”), unless the sum of the interest or deemed interest and other non-Taiwan-sourced income received by such holder and the person(s) who is(are) required to jointly file the tax return in a calendar year is below 1 million New Taiwan Dollar (“NT\$”). If the amount of the AMT exceeds the annual income tax calculated pursuant to the Taiwan Income Basic Tax Act (also known as the AMT Act), the excess becomes such holder’s AMT payable.

Taiwanese corporate holders must include the interest or deemed interest receivable under the Notes as part of their taxable income and pay income tax at a flat rate of 20 per cent. (unless the total taxable income for a fiscal year is under NT\$ 500,000), as they are subject to income tax on their worldwide income on an accrual basis. The AMT is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds in Taiwan is subject to 0.1 per cent. securities transaction tax (“STT”) on the transaction price. However, Article 2-1 of the Taiwan Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of any Notes in Taiwan will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes in Taiwan will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the applicable tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, Taiwanese individual and corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. In addition, Taiwanese individual holders are not subject to AMT on any capital gains generated from the sale of the Notes. However, Taiwanese corporate holders should include the capital gains in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the AMT Act, the excess becomes the Taiwanese corporate holders’ AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of the same category of income for the purposes of calculating their AMT.

Non-Taiwanese corporate holders with a fixed place of business (e.g., a branch) or a business agent in Taiwan are not subject to income tax on any capital gains generated from the sale of the Notes. However, their fixed place of business or business agent should include any such capital gains in calculating their basic income for the purpose of calculating AMT.

As to non-Taiwanese corporate holders without a fixed place of business and a business agent in Taiwan, they are not subject to income tax or AMT on any capital gains generated from the sale of the Notes.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission's Proposal has a very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

PRC CURRENCY CONTROLS

The following is a general description of certain currency controls in the PRC and is based on the law and relevant interpretations thereof in effect as at the date of this Offering Circular, all of which are subject to change, and does not constitute legal advice. It does not purport to be a complete analysis of all applicable currency controls in the PRC relating to the Notes. Prospective holders of Notes who are in any doubt as to PRC currency controls are advised to consult their own professional advisers.

Remittance of Renminbi into and outside the PRC

The Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to controls imposed under PRC law.

Current Account Items

Under PRC foreign exchange control regulations, current account items refer to any transaction for international receipts and payments involving goods, services, earnings and other frequent transfers.

Prior to July 2009, all current account items were required to be settled in foreign currencies with limited exceptions. Following progressive reforms, Renminbi settlement of imports and exports of goods and of services and other current account items became permissible nationwide in 2012, except that the key enterprises on a Supervision List determined by the PBoC and five other relevant authorities would be subject to enhanced scrutiny when banks process current account cross-border repatriations.

On 5 July 2013, the PBoC promulgated the Circular on Policies related to Simplifying and Improving Cross-border Renminbi Business Procedures (關於簡化跨境人民幣業務流程和完善有關政策的通知) (the “**2013 PBoC Circular**”) which simplified the procedures for cross-border Renminbi trade settlement under current account items. On 1 November 2014, the PBoC introduced a cash pooling arrangement for qualified multinational enterprise group companies, under which a multinational enterprise group can process cross-border Renminbi payments and receipts for current account items on a collective basis for the eligible member companies in the group. On 5 September 2015, PBoC promulgated the Circular on Further Facilitating the Cross-Border Bi-directional Renminbi Cash Pooling Business by Multinational Enterprise Groups (關於進一步便利跨國企業集團開展跨境雙向人民幣資金池業務的通知) (the “**2015 PBoC Circular**”), which, among others, have lowered the eligibility requirements for multinational enterprise groups and increased the cap for net cash inflow. The 2015 PBoC Circular also provides that enterprises in the China (Shanghai) Free Trade Pilot Zone (“**Shanghai FTZ**”) may establish an additional cash pool in the local scheme in the Shanghai FTZ, but each onshore company within the group may only elect to participate in one cash pool.

The regulations referred to above are subject to interpretation and application by the relevant PRC authorities. Local authorities may adopt different practices in applying these regulations and impose conditions for settlement of current account items.

Capital Account Items

Under PRC foreign exchange control regulations, capital account items include cross-border transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of, and/or registration or filing with, the relevant PRC authorities.

Until recently, settlement of capital account items, for example, the capital contribution of foreign investors to foreign invested enterprises in the PRC, were generally required to be made in foreign currencies. Under progressive reforms by PBoC, the Ministry of Commerce of the PRC (“**MOFCOM**”) and the State Administration of Foreign Exchange of the PRC (“**SAFE**”), foreign investors are now permitted to make capital contribution, share transfer, profit allocation and liquidation and certain other transactions in Renminbi for their foreign direct investment within the PRC. Cross-border Renminbi payment infrastructure and trading facilities are being improved. Approval, registration and filing requirements for capital account payments in Renminbi are being removed gradually. In addition, the Circular on Reforming Foreign Exchange Capital Settlement for Foreign Invested Enterprises (關於改革外商投資企業外匯資本金結匯管理方式的通知) which became effective on 1 June 2015 allows foreign-invested enterprises to settle 100 per cent. (subject to future adjustment at discretion of SAFE) of the foreign currency capital (which has been processed through the SAFE’s equity interest confirmation procedure for capital contribution in cash or registered by a bank on the SAFE’s system for account-crediting for such capital contribution) into Renminbi according to their actual

operational needs. A negative list with respect to the usage of the capital and the Renminbi proceeds through the aforementioned settlement procedure is set forth under the Circular. In particular, a foreign invested enterprise with investment as its main business is permitted to use such Renminbi proceeds to make equity contribution to its invested enterprises directly, without further filings with SAFE.

PRC entities are also permitted to borrow Renminbi-denominated loans from foreign lenders (which are referred to as “foreign debt”) and lend Renminbi-denominated loans to foreign borrowers (which are referred to as “outbound loans”), as long as such PRC entities have the necessary quota, approval or registration. PRC entities may also denominate security or guarantee arrangements in Renminbi and make payments thereunder to parties in the PRC as well as other jurisdictions (which is referred to as “cross-border security”). Under current rules promulgated by SAFE, foreign debts borrowed, outbound loans extended, and the cross-border security provided by a PRC onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt, outbound loan and cross-border security regimes applicable to foreign currencies. However, there remain potential inconsistencies between the provisions of the SAFE rules and the provisions of the 2013 PBoC Circular. It is not clear how regulators will deal with such inconsistencies in practice.

According to the 2015 PBoC Circular, qualified multinational enterprise groups can extend Renminbi-denominated loans to, or borrow Renminbi-denominated loans from, eligible offshore member entities within the same group by leveraging the cash pooling arrangements. The Renminbi funds will be placed in a special deposit account and may not be used to invest in stocks, financial derivatives, or non-self-use real estate assets, or purchase wealth management products or extend loans to enterprises outside the group. Enterprises within the Shanghai FTZ may establish another cash pool under the Shanghai FTZ rules to extend inter-company loans, although Renminbi funds obtained from financing activities may not be pooled under this arrangement.

Enterprises within the Shanghai FTZ can borrow Renminbi from offshore lenders under a pilot account based settlement scheme within the prescribed macro prudential management limit. In addition, non-financial enterprises in the Shanghai FTZ are allowed to settle the foreign debt proceeds into Renminbi on a voluntary basis, provided that the proceeds should not be used beyond their business scope or in violation of relevant laws and regulations.

Pilot schemes relating to cross-border Renminbi loans, bonds, or equity investments have also been launched for, among others, enterprises in Shenzhen Qianhai, Jiangsu Kunshan, Jiangsu Suzhou Industrial Park.

Recent reforms introduced were aimed at controlling the remittance of Renminbi for payment of transactions categorised as capital account items. There is no assurance that the PRC Government will continue to gradually liberalise the control over Renminbi payments of capital account item transactions in the future. The relevant regulations are relatively new and will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of HCC, HCUK and HCA and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
